

RIOT

And Fatal Shooting at Tiffin Manufacturing Plant Last Night

STRIKE GUARDS ARE UNDER ARREST

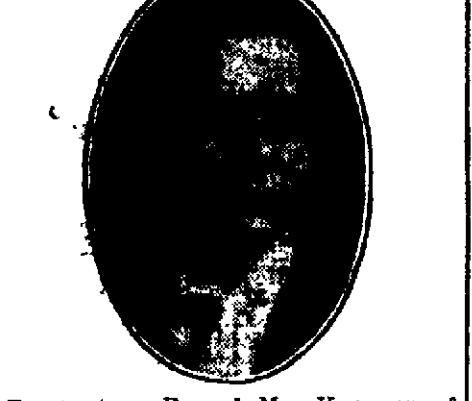

Seven Hundred Walked Out This Morning

WITH BIG DEMONSTRATION

Paraded Downtown Streets—Mayor Promised Men Police Protection Urging Them to Refrain From Violence—Strike Four Weeks Old—Labor Situation Elsewhere.

(Associated Press Telegram)
Tiffin, O., May 11.—As a result of the riot and fatal shooting at the plant of the Webster Manufacturing Company here last night, the remaining force of seven hundred employees who had until today refused to join the strikers walked out this morning with noisy demonstrations. Four more strike guards were also arrested today in connection with the killing last night of Albert Latta, a striker and a spectator, and George Howell, a guard. The four arrested today are charged with carrying concealed weapons. Three others arrested last night are still in jail today, as are the two wounded men who are being held as witnesses.

The guards arrested today are: John A. Griffin, Captain Robert Bor-

Prosecutor Russel M. Knepper of Tiffin, called home from this city on account of the local rioting in the Seneca County Capital.

ton, James Lahs and Philip Gior-mo. These arrested last night are: Gus Peterson, D. B. Graham and Joseph Faber.

After the men in the machinist and sheet metal departments walked out today they paraded the downtown section and were addressed by the mayor who urged them to refrain from violence and promised them police protection. It is believed here today that there will be no further rioting and that it will be unnecessary to call the militia.

The strike at the Webster plant has been in progress four weeks but until today only one hundred had walked out. The strikers ask an advance from \$3.50 to \$4 a day and nine instead of ten hours work.

SENECA PROSECUTOR IN NEWARK, CALLED BY LONG DISTANCE.

Prosecutor Russell M. Knepper of Tiffin, O., was a visitor in this city last night when he was summoned back home on account of the killing of a striker at the Webster Manufacturing company plant in that city. Attorney Knepper caught a midnight train and arrived in Tiffin early this morning.

Mr. Knepper is vice president of the state organization of Eagles and was in the city with the other state officers looking over the local Aerie's.

Big Meeting Is Expected Tonight of Membership of New Chamber of Commerce

All indications are that 100 percent of the membership of the Chamber of Commerce will attend tonight's social meeting in the Auditorium of the High School. All of those who have failed to receive their notice through the mail are urged to attend this meeting at 7:30 and bringing their friends whether they are members or not. The purpose of the meeting is to afford the membership an opportunity to become better acquainted and to also acquaint those who have not yet joined the newly organized body with the work that has been planned and laid out for the future. Part of the time this evening will be given to speech-making by Mr. H. S. Warwick of the Columbus, Ohio Chamber of Commerce and also Attorney Ray Martin of Newark. Both gentlemen will talk on the subject of "Community Building."

Part of the time will also be devoted to organizing the Membership Committee, as has been announced previously.

DAY IN CONGRESS

The congressional business for today is thus summarized:
Senate.
Met at noon.
Senator Kenyon entered upon third day of his attack on river and harbor bill.
House.
Met at 11 o'clock.
Resumed discussion of rural credits bill.

METER MEN OF OHIO MEET IN NEWARK TODAY

A state convention of the Meters Committee of the Ohio Electric Light Association is being held at the Hotel Warden today and fifty representatives of the meter departments are in attendance and a number of interesting papers were read.

Robert L. Graves, Cincinnati district meter specialist of the General Electric company who has supervised these meetings for several years, is in attendance. An informal get-together meeting was held at 1:10 o'clock this morning in the lobby of the hotel and luncheon was served at 12 o'clock.

The regular sessions of the convention opened at 1 o'clock when the address of welcome was given by Mr. E. S. Hollingsworth, new business manager of the Newark branch of the American Gas and Electric company's buildings.

The first paper on "The Value of Meter Records and the Cost of Service Testing" was read by G. E. Snider, of the Toledo Railway and Light company. Mr. O. C. Jordan of Columbus Railway and Light company gave an interesting address on "The Care and Use of Standards and Instruments."

"Some Important Points of Consideration with D. C. Meter Testing" were discussed by W. A. Holliday of the Cleveland Illuminating company of Cleveland.

Mr. Ray Woolford of the meter department of the American Gas and Electric company, of Newark, gave an interesting talk on "The Relation of the Meter Department to Bill Complaints."

Following the papers a general discussion was held with regard to the problems which arise and the method of dealing with them.

The party will visit the local plant of the Ohio Light and Power company and will be entertained by the meter department committee, A. H. Bryant, chairman of the Cleveland Electric Illuminating company, J. K. Himes, Dayton Light company, George B. Snider, Toledo Railway and Light company, Ray Woolford, Ohio Light and Power company, Newark, and Adrian Tobias, Youngstown, O.

The next meeting of the department will be at the state convention which will be held in July at Cedar Point.

WHALE SKIN IS USED FOR SHOES

(Associated Press Telegram)
Seattle, Wash., May 11.—Ten tons of skins of the Beluga, or white whale received from Bering Sea were shipped today from Seattle to eastern shoe factories to be made into the white shoes now so popular among women. The Beluga abounds in Bering Sea and Cook Inlet, and the new fashion has stimulated the hunting of the animal. Only the inner skin is used, but it is so thick that four sheets of this leather may be obtained by splitting.

TURKISH REPORT.

(Associated Press Telegram)
Berlin, May 11.—(By Wireless to Sayville.)—An official Turkish communication dated May 10 says that two Turkish aeroplanes dropped bombs successfully on April 25 on the dry dock and oil tanks at Port Said.

A Cairo dispatch yesterday said eight bombs were dropped on Port Said on May 8, causing no property damage, but wounding three civilians.

OBREGON

Must Sign Agreement Presented by Generals Scott and Funston

OR FURTHER PARLEYS WILL CEASE

Opportunity Given Minister to Make Next Move

JOINT PATROL OF BORDER

Favored By Gen. Carranza, American Representatives Are Told—Mexicans Told That An Immediate Withdrawal of General Pershing's Forces is Out of the Question.

(Associated Press Telegram)
El Paso, May 11.—Upon General Obregon depends today the outcome of the negotiations begun between him and Generals Scott and Funston some days ago. Unless he signs the agreement entered into between him and General Scott or is prepared to make radical concessions, it appeared probable that the American representatives would indicate to Washington the uselessness of further parleys. Mexican officers in Juarez did not believe, however, that a failure to arrive at an understanding here would mean more than a transfer of the controversy to diplomatic channels.

The meeting of the conferees was arranged with the idea of giving Carranza's minister of war an opportunity to make his next, and what was generally believed would be his last move. Just what move General Obregon had planned was unknown to the American representatives, although he had told them in the last conference that his government would favor a joint border patrol. This suggestion, it was expected, would be included in the written memorandum General Obregon would present.

General Obregon and Juan N. Amador, sub-secretary of foreign affairs, have no misunderstanding of the position of the American representatives. They have been told that they came here to discuss co-operation of American and Mexican troops in Mexico and not the withdrawal of the American forces.

To the Carranza representatives a counter proposal that they agree to a time limit for the withdrawal of the American forces, General Scott said he was not empowered to talk of that phase of the situation. The Mexican officers also were informed that an immediate withdrawal of General Pershing's forces was out of the question.

Whether General Obregon was prepared to yield enough to justify further delay in the negotiations here could not be ascertained before the meeting began. He said that he was not contemplating the placing of his signature to anything at this meeting, but added that progress had been made, however, at previous conferences.

"Yes, we have advanced a little," he said.

There was manifested in some quarters a feeling that General Obregon was ready to yield more than he had indicated, however. He was in telegraphic communication with Carranza last night and those closely identified with Mexican interests expressed the opinion that he might be authorized to give in at the last minute.

Knowledge that American troops crossed the border yesterday near the scene of the raid of last Friday night appeared to create no great interest on the Mexican side of the river.

Negotiations looking toward a settlement of the American-Mexican military questions were resumed at 10 o'clock this morning. The conference was attended by Major-General Hugh L. Scott and Frederick Funston, representing the United States and General Alvaro Obregon, minister of war of the de facto government and Juan N. Amador, sub-secretary of foreign affairs. The conference, which may be the last, was held in General Scott's private car.

General Funston desires to strengthen the border patrol by mounting two thousand infantrymen on Texas ponies. The general plans to make this recommendation to Secretary Baker because the available forces of cavalry for patrol have become practically exhausted. General Funston points out that Texas ponies are suited for patrol work, as they can live on the scanty grass along the border.

General Funston said that he was considering calling on the First Illinois cavalry for patrol work along (Continued on Page 2, Col. 2.)

CHILD BELIEVED KIDNAPED FOUND.

(Associated Press Telegram)
Cleveland, May 11.—Clay Herrick, Jr., four years old son of Clay Herrick, cousin of former ambassador Myron T. Herrick, who was lost since yesterday and thought kidnaped, was found early today asleep in a wooded area on the grounds of a neighbor in Cleveland Heights village, a fashionable suburb. The child had wandered away from home.

WHERE NATIONAL GUARD WILL MOBILIZE IF IT'S CALLED OUT

The more threatening the Mexican situation becomes, the greater the likelihood that the National Guard will be called into service along the border. President Wilson has already called out the Guard of Texas, Arizona and New Mexico. The map shows the states which embrace four important divisions of the Guard, and the places where the militia will mobilize in case it is called out.

Will Urge Wilson to Call Conference of Neutrals to Offer Mediation in Europe

(Associated Press Telegram)
New York, May 11.—In response to an appeal from the Netherlands anti-war council, a meeting at which will be considered a proposal that President Wilson be urged to promote a conference of neutral nations to offer mediation in the European war will be called soon in this country. This was announced today by Hamilton Holt, chairman of the American branch of the central organization for durable peace, the recipient of the appeal.

The communication was received by Mr. Holt yesterday and urged co-operation by American peace societies in bringing about mediation.

The meeting will be held by American members of the central organization, with a view to co-operation with other peace societies later.

The appeal of the Dutch council, according to Mr. Holt, indicates a belief by many persons in the Netherlands that Emperor William, through Germany's reply to the American note in the submarine controversy made an indirect bid for peace.

No date has yet been set for the meeting but meanwhile Mr. Holt will submit copies of the appeal to various peace organizations and to President Wilson "for his information."

Mr. Holt said that no definite plan had been outlined except that the purpose of the meeting would be to analyze the appeal and set in motion whatever forces it might hope to declare for peace.

METHODISTS

URGED TO CO-OPERATE TO SECURE BETTER INDUSTRIAL CONDITIONS.

Conference Asked to Approve Plans for Aiding in Procuring a "Living Wage."

(Associated Press Telegram)
Saratoga Springs, N. Y., May 11.—Co-operation by Methodists in efforts designed to obtain improved industrial conditions was recommended in a report submitted to the general conference of the Methodist Episcopal church by the church federation for social service today. The report asks that the conference approve plans for aiding in procuring a "living wage" for workers, trade agreements, co-operative ownership and similar measures. The report also urged that churches be used for social purposes and approved the development of parks, playgrounds and community centers. Reform in prison administration was advocated and the report asserted there was at present an opportunity for the church to use its influence in aiding officials to inaugurate plans for reform rather than punishment in penal institutions.

"Collective bargaining," as means for employees to obtain better working conditions was approved by the report.

Balloting for new bishops, one of the most important matters to come before the conference, will begin tomorrow. The conference decided today that the election be taken up immediately after the presentation of the report of the committee on episcopacy the submission of which has been ordered for May 13.

The report of the committee of (Continued on Page 3, Col. 3.)

CRITICISM

OF FIRST LORD OF BRITISH ADMIRALTY BY NAVAL CORRESPONDENT.

For Suddenly Announcing Alterations in Distribution of Naval Forces.

(Associated Press Telegram)
London, May 11, 3:06 a. m.—The naval correspondent of the Times in an article in today's issue, criticizes the recent announcement of First Lord of the Admiralty, Arthur J. Balfour that the British fleet was to be redistributed to prevent coast raids by the Germans.

"Mr. Balfour's statement," the correspondent says, "is disquieting to students of naval warfare because the first lord appears to foreshadow a reversal of that policy of offensive defense which we have successfully followed since the fourteenth century."

"The object of the Germans in making raids is to bring about a redistribution of our naval forces to their own advantage. After the attack on Hartlepool the admiralty stated that such raids must not be allowed to modify the general naval policy. This was sound sense. But now Mr. Balfour suddenly announces that alterations are being made in the distribution of our naval forces."

REDUCTION IN IMPORTATIONS OF PERFUMERY

(Associated Press Telegram)
New York, May 11.—American manufacturers nearly are monopolizing the domestic market for perfumery says the report of the Secretary of the Manufacturers Perfumers' Association of the United States. The association finishes its annual convention here today. The secretary said there have been heavy reductions in the imports of perfumery in the present fiscal year. American manufacturers are taking advantage of this situation to push the sales of their products in the United States. Many of them are attempting to build up an export business but fears were expressed that this would be transitory.

William H. Taft will be the chief speaker at the association's annual banquet tonight.

GIRL STRIKERS ARRESTED.

(Associated Press Telegram)
Cleveland, May 11.—Two girls were arrested here today after a crowd of girl strikers had thrown stones and old shoes at a van containing girl strikebreakers at the plant of the J. C. Newman Cigar company, according to police. A crowd gathering during the fight and a riot call was turned in by policemen on duty. Reserves dispersed the crowd.

WRECK

OF BIG HYDROPLANE WHICH FELL INTO POTOMAC RIVER.

Three Occupants, Badly Injured, Rescued by a Tugboat—Two Passengers were Aboard.

(Associated Press Telegram)
Washington, May 11.—One of the large hydroplanes which has been flying between Newport News and Washington fell into the Potomac river near Mount Vernon, Va., early today and was wrecked. Three of the occupants, badly injured, rescued by a tugboat.

Two are missing.

The machine fell about 100 feet. The tugboat which went to the rescue picked up three men, two of whom were rushed to Alexandria to a hospital. The tugboat then returned to search for the two missing men. The machine on Monday completed a round trip from Newport News to Baltimore with five men aboard, establishing several records.

Shortly after the return to Newport News, it was decided to make a return trip to Washington the same afternoon. On the trip engine trouble developed causing the boat to alight near Mount Vernon and make the remainder of the trip on the surface of the water. Repairs were made and the return trip to Newport News was begun this morning. On board was Pilot McAuley, Mechanician Philip Uter and Bert Acosta and two passengers.

PREACHER DIED; STRICKEN WHILE CRANKING AUTO

(Associated Press Telegram)
Allentown, Pa., May 11.—The Rev. Irvin B. Ritter, president of the Allentown conference of the Lutheran church and widely known in that denomination died today as the result of a stroke of paralysis suffered last Sunday morning while cranking his automobile. He was 47 years old.

The Rev. Ritter's brother-in-law, the Rev. O. E. Pfeiffer, dropped dead several years ago while cranking an automobile, and his father, D. Nathaniel Ritter, was killed several months ago in an automobile accident.

WAGE CONFERENCE.

Cleveland, May 11.—Officials of the Pile Driving Engineers' Union were in conference with employers today regarding wages. The union is demanding a wage increase of from 43 1/2 cents to 60 cents an hour and an 8-hour day.

Secretary J. V. Gallagher of the Journeymen Plumbers' Association announced today a new scale had been signed with contractors.

JUDGE IS ENDORSED.

(Associated Press Telegram)
Troy, O., May 11.—Judge H. L. Fernald of the court of appeals, was given the endorsement of the Miami county bar association here today, for re-election. The resolutions pointed out that during his first term Judge Fernald had demonstrated special ability, was always courteous and displayed a spirit of impartiality in all his judicial activities.

WEALTHY FARMER DEAD.

Port Clinton, O., May 11.—Ernest Roosevelt, 60, wealthy retired farmer, died at Oak Harbor late last night. He was former president of the Oak Harbor Fruit company.

Clevelanders Visit Newark; New Chamber of Commerce Committee Met Special Train

The Merchants and Manufacturers sections of the Cleveland Chamber of Commerce, 100 strong, and three representatives of Cleveland newspapers, arrived in Newark this morning at 9:45 a. m., in their special train from Zanesville, via the Baltimore and Ohio railroad.

The visitors were met at the depot by acting President F. L. Beggs of the Newark Chamber of Commerce, and a committee appointed by the Chamber. A few automobiles were on hand to take the men over the city and an invitation was extended Samuel R. Macon, secretary of the visiting delegation, to call for as many machines as desired to handle the Clevelanders.

Mr. Beggs explained to Mr. Macon that the reason Newark was not able to receive them in a more elaborate style, was due to the fact that the new Chamber of Commerce still is in its infancy and not complete in its organization. The Clevelanders were glad of the opportunity to see the city and the fact that they were having quite a number of receptions tendered them on the trip.

Superintendent Donald F. Stead of the local division of the Baltimore and Ohio railroad, went to the city early this morning and accompanied the visitors to Newark.

The members of the Cleveland Chamber of Commerce who are making the trip offered a number of valuable suggestions to the men who are interested in perfecting Newark's new organization.

Land at present has one of the Chamber of Commerce organizers in the country and its members visited Newark today are familiar with the essential features of the organization.

Later in the morning the (Continued on Page 2, Col. 4.)

SHIFT

Made in Line of German Attack Upon Verdun Front

HOLD SOME FORCES IN CHECK

While Others Are Used For Fresh Attack

RESUME INFANTRY DRIVES

French Also Are Making Vigorous Attacks Upon German Lines—Much Importance Attached to Russian Operations On the Mesopotamian Frontiers Where Troops Advance

Another shift in the line of attack upon Verdun is reported in this afternoon's war office announcements from Paris.

Holding in check their forces on the west bank of the Meuse where they recently have scored important successes the Germans have taken the offensive on the easterly side of the stream, launching an attack near Vaux, northwest of the fortress. The attack was unsuccessful Paris declares.

Probable speedy resumption of infantry drives northwest of the fortress however, is indicated by the report of heavy firing by the artillery in the region of the Avocourt wood southwest of Hill 304.

The French themselves are making vigorous attacks on the German lines in the Verdun region, according to Berlin, which announces an assault near Dead Man Hill and another southeast of Hill 304. Both these attacks were broken up by German fire it is declared.

The eastern front situation is growing most interesting with the advance of spring. All along the Russians are the objects of occasional sharp thrusts by the Teutonic allies. Just at present they seem to be contenting themselves with standing off these attacks and are attempting on offensive. In at least one instance they failed to hold their line however, according to Berlin, which today reports the capture of five hundred yards of a Russian position near Selburg.

Considerably increased activity is reported from the Balkans. There has been much firing by heavy artillery and some infantry clashes have occurred on the Macedonian frontier. Athens dispatches today report brisk fighting north of Agona, apparently indicating that the Austrians about to move against the Italians and such other forces as may be assisting them in holding the Adriatic seaport of Avlona, Albania.

Much importance is attached in Petrograd to the Russian operations on the Mesopotamian frontiers, both north and east. In the latter sector the Russians have advanced from the interior Persia to the frontier and have occupied Kasr-I-Shirin, about 110 miles northeast of Bagdad, their objective. They report the Turks fleeing before them and the capture of several guns during the pursuit.

VERDICT FOR DEFENDANT IN DAMAGE CASE

JURORS FIND IN FAVOR OF CRISS BROTHERS IN BEESON DAMAGE SUIT.

Plaintiff Had Sued to Recover \$7000 for Injuries Sustained in Auto Accident—Court News.

The jury in common pleas court returned a verdict at 5 o'clock last evening in favor of the defendants in the suit brought by Ellis Beeson against David Criss, et al. Beeson asked damages in the sum of \$7000 for injuries which he sustained in a collision of his Ford automobile and the Criss Brothers ambulance on the Granville road on March 15, 1915. The trial lasted for two days. Plaintiff has filed a motion asking for a new trial.

In the case of Lettie Grove vs. Roy Patton, as administrator, etc., in common pleas court a judgment was rendered for plaintiff for \$109.16. Plaintiff brought the suit to recover the distributive share of Harry Grove, assigned to Lettie Grove.

Files Affidavit.
Esther Scheffler has filed an affidavit in Justice Fletcher S. Scott's court charging Cecil Burrell with taking her to Columbus in an automobile against her will for immoral purposes.

Justice Scott's Court.
Deputy Sheriff Frank Brown has filed an affidavit in Justice Fletcher S. Scott's court charging Charles Fulk with intoxication. The defendant is employed near Hanover. The hearing has been set for Friday morning at 8 o'clock.

Juvenile Court.
The juvenile court today ordered that a 17 years old girl found wandering the streets of the city last night by Probation Officer John Dwyer be returned to her home at Columbus. The girl stated that she had come to Newark to try and secure a position in a restaurant but that she was unsuccessful.

Commissioners Office.
A large number of land owners interested in the proposed Johnson ditch, near Clay Lick, were present today at the hearing held in the commissioners office at the court house. County Engineer John Swartz made his report and the commissioners findings will be announced later. The main part of the ditch will be 3270 feet long.

Marriage Licenses.
Oliver B. Montgomery, a journalist, and Mrs. Louisa W. Moore, both of Madison township, Rev. Don D. Tullis named to officiate.

At a meeting of the Licking County Bar Association on Thursday morning, called for the purpose of answering a letter from Wm. H. Taft and Alton B. Parker, representing the League to Enforce Peace, and inviting the Bar Association of Licking County to send a representative to the First Annual Assembly of the League at Washington, D. C., May 26th and 27th, John M. Swartz was unanimously selected as a delegate to represent the Association, with authority to appoint representatives in case he is unable to attend.

The court and a jury were engaged on Thursday in the trial of the case of C. N. Moore, executor of the estate of the late Philip S. Smith, vs. the Ohio Electric Railway Co. Plaintiff asks for damages in the sum of \$10,000.00 for the killing of Philip S. Smith, at which is known Livingston station on the 7th of Feb., 1915. Smith was struck by an electric car while signaling it to stop. Dora Busch vs. James Neuntune, Judgment of dismissal. Joshua S. Bebout vs. J. S. Jones, to be submitted upon motion. Frank M. OBREGON

(Continued from Page 1.)
the Rio Grande. He believes that Major Langhorne, whose troops of the Eighth cavalry were well over the Rio Grande into Mexico today, has a good chance of at least capturing part of the bandits that raided Glenn Springs.

The general said the bandits had loaded down wagons with their loot and thought this would retard their retreat into Coahuila, and enable Major Langhorne's men to catch up with them.

DEFINITE TIME

For Army Operations Along Border Has Not Been Set.

(Associated Press Telegram)
Washington, May 11.—Administration officials today were hopeful that General Obregon, Carranza war minister, would sign immediately the military agreement presented at El Paso by Generals Scott and Funston, on behalf of the United States. Despite the long delay of Obregon, it was pointed out that General Scott had made no report indicating the agreement might not be signed. Consequently officials were not inclined to believe that the negotiations would reach the point where a break would occur between Mexico and the United States.

Unofficial reports said the conference would meet again today at El Paso. Secretary Baker declared emphatically that he does not expect to order any additional troops to the border soon.

In certain quarters here the belief was expressed that General Obregon might be delaying signing the protocol for the sake of political advantage in Mexico. It was recalled in this connection that rifts of friction between Carranza and Obregon have been contained in recent published reports. No official confirmation of these suspicions was available, however. Secretary Baker expressed the belief that the delay is caused by difficulty in arranging details of a common agreement.

General Obregon's informal proposal for a joint border patrol of Mexican and American troops, photographed by General Scott, was not considered seriously here. It was said President Wilson has indicated no change in his former attitude that United States troops

should remain south of the border until the Carranza government can demonstrate beyond doubt its ability to prevent future bandit raids on American border towns.

Further indications that American army operations on the Mexican border are still indeterminate as to time were given today in official quarters. It was announced at the war department that the national guard of Texas, Arizona and New Mexico will be mustered into the army for the period of their enlistments, with no specific time of federal service stipulated.

Secretary Baker said mustering officers in charge of the militia mobilization have inquired whether President Wilson had fixed any definite time for enlistment. Because it is not known how long the guard will be required Secretary Baker explained that it was ordered that the national guardsmen will be enrolled for the terms of their state enlistments, or until they are released.

General Scott telegraphed the department that another conference with General Obregon was set for 10 o'clock this morning at El Paso. Secretary Baker said there was nothing to confirm border reports that General Scott had served an ultimatum upon General Obregon for a final answer upon acceptance or rejection of the tentative protocol. It was expected here that General Obregon would present counter proposals in writing, particularly regarding fixing a date for ultimate withdrawal of American forces.

The war department had no report early today on another incursion into American territory reported last night at Blockers Ranch, near Eagle Pass, Texas. There were also no official advices that American troops had actually crossed the border in the Big Bend region, although it was believed probably that some had done so.

American consuls throughout Mexico have been instructed to again call attention of Americans to the state department's repeated warnings that this government regards their presence there as undesirable.

OHIO MILITIA

Ready for Service, Governor Willis Notifies Department.

(Associated Press Telegram)
Columbus, May 11.—Governor Willis today announced that the Ohio National Guard, 8000 strong, would be ready for Mexican service on the receipt of orders from the war department.

Official business here today detained Adjutant General B. W. Hough, who intended leaving for Washington last night to learn from official sources the probabilities of the Ohio guardsmen being called for Mexican service. He will leave tonight.

ALL READY FOR NATIONAL GUARD AT COLUMBUS, N. M.

(Associated Press Telegram)
Columbus, N. M., May 11.—Fears expressed by some of the more credulous residents of Columbus were allayed today by a call made by Major W. R. Sample, base commander, upon the major. Major Sample assured the townspeople that the defensive measures being taken here by the troops are merely precautionary and that in the event he anticipates trouble he will notify them immediately. Despite these assurances a few of the citizens left town. A company of infantry slept on their arms last night that they might be prepared for action if trouble should develop.

Construction of trenches and earthworks about the camp continued today. These all are being dug at some distance beyond the camp lines.

Everything is in readiness for the arrival of the New Mexico National Guard 1200 strong, some of the companies of which are expected tonight or tomorrow. A detachment of infantry which had been camped on the outskirts of the reservation was moved closer in to make way for the large camp which had been laid out.

The government of Venezuela will send an institution of modern language to its school of commerce.

IRISH AFFAIRS ARE CONSIDERED BY PARLIAMENT

(Associated Press Telegram)
London May 11, 11:25 a. m.—Irish affairs occupied today even a more important position in the house than they did at the time of the home rule controversy. Both houses of parliament are again engaged with them today. John Dillon's motion for discussion of the execution in Ireland comes up in the House of Commons, and the House of Lords is considering Lord Loreburn's motion expressing dissatisfaction with the Irish administration. The debate in the house of commons is regarded as the more important for there the government comes under the cross fire of the whole Irish party and of a large number of liberal members who are determined to bring to an end not only arrests and executions in Ireland but martial law.

The execution in county Cork of Thomas Kent, although it took place before Premier Asquith gave his assurance that no further death sentences would be carried out until the debate was concluded, has brought forth further protests from Irish parliamentary circles. The nationalists also are concerned at the continued arrest and deportation to England for confinement in English jails, of rebels from all parts of the country. The number of arrests has not yet been made known but it must be several thousand.

Fourteen persons have been executed in Ireland, Harold J. Tennant, parliamentary under-secretary for war, told a questioner in the house of commons today. Seventy-three persons have received sentences of penal servitude and six of imprisonment at hard labor, the under-secretary added.

Premier Asquith announced in the house this afternoon that he felt it to be his duty to go to Dublin today.

The number of casualties among civilians in the uprising in Ireland up to May 9 was given by Premier Asquith in the house of commons today as 180 killed and 614 wounded.

RIOT

(Continued from Page 1.)
plans and program for the state convention to be held in this city June 18 to 22. He had expected to spend today in the city as the guest of Secretary Mat Knepper of Licking Aerie.

When Prosecutor Knepper left home early yesterday the strike situation at Tiffin was well in hand and the long distance telephone message telling of the killing of one man and the wounding of two others came as a great shock. He has promised to come back, however, as soon as the trouble is settled and help complete the final arrangements for the state convention.

KENTUCKY MINERS MAY GO ON STRIKE

(Associated Press Telegram)
Louisville, Ky., May 11.—Whether a strike of the 6,000 union miners employed in the Western Kentucky coal fields should be declared, depended upon the action of the Western Kentucky Coal Operators' Association, following presentation here today by the miners' committee of a report of the vote of delegates from 41 local unions of District number 23, United Mine Workers of America, May 9th, at Central City, Ky. By a vote of 39 to 2 it was decided not to accept the operators' ultimatum, which offers the old wage scale, but which the miners' aim has attached conditions amounting to a wage reduction. The miners are contending for a continuation of last year's scale and working conditions.

MANUFACTURERS REFUSE DEMANDS.

(Associated Press Telegram)
Sebring, O., May 11.—Kiln placers in the five potteries here have made a demand for an increase from \$1.75 a kiln to \$2. The manufacturers have issued a statement refusing the demand on the basis that these kiln men, who are union men, are under contract until Oct., 1917, and have no right to make a wage demand. President Menges, of East Liverpool, head of the National Brotherhood of Operative Potters is appealed to supply kiln placers at \$1.75.

5000 EMPLOYEES GET AN INCREASE.

(Associated Press Telegram)
Denver, Colo., May 11.—Five thousand employees of the Colorado Fuel & Iron company's steel mill at Pueblo have been granted an increase of about ten per cent in wages, adding \$10,000 to the company's monthly payroll, according to an announcement by officials of the company here today. A similar increase was granted last February.

STATE MEDIATORS GO TO YOUNGSTOWN.

(Associated Press Telegram)
Youngstown, May 11.—Fred C. Croxson and Fred Miles, mediators of the State Industrial Commission, are here today to try to settle the strike of 1500 machinists and sheet metal workers in progress over a week. They were sent here by Governor Willis upon request of Mayor Carroll Thornton.

County Prosecutor A. M. Henderson and Special Agent Charles De Woody of the United States department of justice, today expected to again question John Swierz, arrested here last night on charges of secreting explosives on the property of another Swierz, a native of Galicia, is alleged to have formed a plan to blow up the plant of the William Todd company here.

According to Austrian Consul Ludwig of Cleveland Swierz branched his plan to Ludwig and sought money for its execution. Ludwig notified the United States authorities and De Woody posed as an accomplice of Swierz to obtain evidence. The latter led Henderson and De Woody to a spot on the bank of the Mahoning river early this morning.

Father John's Medicine

contains the exact kind of tissue building food needed by those who have throat troubles and are thin, weak and run down.

No weakening stimulants or dangerous drugs.

GAINED 15 POUNDS

Proves Father John's Medicine as Tonic and Body Builder.

"When I started to take Father John's Medicine I weighed 155 lbs. It stopped my bad cough and I ran up to 170 lbs. I call it the best I know for colds, coughs and body building." (Signed) Frank Bennett, 239 South State St., North Adams, Mass.

where a cache of dynamite was located. Officers are now trying to learn if Swierz had an accomplice in his alleged plot. Swierz is an employee of the Todd company where shells are being made.

CONDITIONS IMPROVE IN PITTSBURGH ZONE; MILITIA STILL OUT.

(Associated Press Telegram)
Pittsburgh, May 11.—Conditions in the Turtle Creek zone had improved so today that preparations were made to send one battalion of the Eighteenth infantry to its armory in Pittsburgh, and announcement was made that other battalions would be sent home within the next few days. The cavalry will likely be kept on duty until next week.

It was estimated that a thousand additional men reported for work in the Westinghouse Electric and Manufacturing company before the gates were closed and increased forces entered all other plants in the district. Machinists in many other plants throughout the Pittsburgh district are still on strike for an eight-hour day and molders who have been out since last December have made no move to go back.

CARPENTERS' STRIKE.

(Associated Press Telegram)
Akron, May 11.—Union carpenters in Akron are slowly winning their strike leaders of the organization declared today. They claim seventy-four out of 110 contractors in the city have signed the new wage scale, which calls for fifty five cents per hour an eight hour day and "closed shop."

Leaders estimate that three hundred union men are still out and that nearly five hundred are back at work for contractors who have met the demands.

CLEVELANDERS

(Continued from Page 1.)
landers were taken in machines for a visit over the city and each was enthusiastic in his praise of Newark's excellent streets and many complimentary remarks were made regarding the width and cleanliness of the streets.

R. G. Pate, manager of the Cleveland Bell Telephone company and W. H. Himes of the Cleveland Leader-News, were the guests of R. E. Moore, local manager for the Bell system, at a luncheon at the Hotel Warden.

"Newark, what I've seen of it, is one of the liveliest towns I ever visited," Mr. Pate said when he had completed a trip over the city. "The stores look progressive and up to the minute and I wish the special would remain longer in the city."

This sentiment was echoed by every one of the visitors after they had been shown around the city.

Local business men ran away from their stores for a time and assisted in the entertainment. A great many of the merchants outside of the downtown district received visits from the Clevelanders, who follow the same line of business.

C. C. Caldwell, of the Cleveland Plain Dealer and W. H. Grimes of the Cleveland Press, also were members of the party and together with W. H. Himes, of the Leader-News, paid a visit to the newspaper offices.

A great many of the visitors were the guests of local merchants for lunch, while many local merchants were invited to dine with the Cleveland men in the diners attached to the special train. This afternoon the visitors were entertained in various ways and at 2:45 o'clock boarded their special enroute for Junction City, via the Baltimore and Ohio railroad, where the train will be transferred to the Pennsylvania lines and then into Lancaster.

Style and Good Looks in clothes are important, but like beauty, they're only skin deep.

There must be value behind them, or the good looks will melt like a cake of ice, on the Fourth of July.

An old customer of ours said the other day, "The reason I like your clothes so much, is that they keep their shape and look stylish. Take it from us—she said something."

Remember—we are building up a bigger business each season because we give old reliable value, in new style clothes.

Our easy payment plan could not exist unless we gave big value.

Don't forget, we give the same heaping value, whether you buy for cash or on easy payments.

HESS

ALSO IS BLAMED FOR AMHERST
WRECK BY FEDERAL COM-
MISSION.

Report Cites Record Showing En-
gineer Had Been Suspended
Four Times Before.

WASHINGTON, May 11.—The wreck on the New York Central lines near Cleveland, O., March 29, in which 27 persons were killed and 47 injured, was due, the interstate commerce commission reported today, to the failure of Engineer Hess to see the signals or to read them properly on account of the dense fog in which his train was running.

The report to the commission cites the engineer's record since 1900 to show that he had been four times suspended for running past signals was again suspended last December for striking the rear end of a train at Toledo, O.

"The record of this accident," the report states, "together with a careful consideration of a record of accidents wherein employees have failed to obey fixed signal indications since July 19, 1911, brings forcibly to mind the fact that the rules relative to speed permitted during foggy weather are in many instances indefinite and vague."

The report says the rules were not observed and the high rate of speed at which Hess' train was running, "in view of the fog and at short distance which signal indications could be distinguished was one of the proximate causes of this accident." The commission in its report again refers to the need of automatic train stops.

Five More Are Held In Tar and Feather Case In Knox Co.

Mt. Vernon, May 11.—Sheriff Woolson yesterday afternoon arrested Melvin Jones, Joe Jones, Roy Toothman, John Spang and Melvin Toothman. They are charged with assault and battery by Samuel Clark, who alleges that they were members of a party of seven men who invaded him from his home a week ago Saturday night and applied a coat of tar and feathers to his body.

The men are all neighbors of Clark and they protested their innocence. Each gave bond last night after waiving examination before Mayor Mitchell and being bound over to the grand jury.

HANOVER R. F. D. 1

There will be preaching at this place next Sunday evening by Rev. Mellenger of the Licking church.

Mr. and Mrs. Lee Harris spent Friday fishing at Buckeye Lake.

Miss Oma Belt of Newark was the guest of her aunt, Mrs. W. D. Kinney, Sunday and Monday.

Mrs. James Weare and son Harvey, have been spending the past week with her daughter, Mrs. Claude Wilson, at Uhrichsville.

Mr. and Mrs. W. H. Weekly and daughters Alice, Esther and Bertha, spent Sunday afternoon with Mrs. N. I. Weekly and family.

Robert Frye is a victim of the measles.

Ray Krouse returned to his home Tuesday morning from Columbus where he underwent an operation for a growth behind his ear.

Mrs. John Herald and children, of Newark, spent from Friday until Monday, with her parents, Mr. and Mrs. Chas. Anderson.

Dessie Kinney of Newark, spent Sunday at her home near here.

Mr. and Mrs. Ora Hillbrand and Mr. and Mrs. John Carlyle attended the minstrel given at the Newark Auditorium Thursday evening.

The Messrs. Lester and John Putnam of Granville attended Sunday school here Sunday afternoon and took supper at the Harris home and preached in the evening.

PLEASANT VALLEY

Rev. Mr. Miller preached at this place Sunday and took dinner with O. E. Booth.

Carl Beckham returned home from Ottawa county after spending the winter there teaching school.

Mr. A. E. Divan and family spent Sunday afternoon with his parents of Black Run.

Mrs. Henry Billman and Flo Booth spent last Thursday in Newark.

Floyd Porter called Ray Barcroft of Newark were calling on friends here Tuesday.

Mr. and Mrs. Carey Harris of Newark, Mr. and Mrs. Dawson McQueen and son Clarence of Louisville were Sunday guests of Mr. and Mrs. A. B. Beckford.

Frank Beckford of Reform spent Friday night and Saturday with his parents.

The death of Mrs. Ola Ashcraft brought sadness into the hearts of her many friends of this place. The entire family have our heartfelt sympathy and may God's choicest blessings rest on her companion and five little children.

UNION STATION

The play given by the young people at Reform was a success in many ways and the proceeds will be given to the board of education to spend for the benefit of the Willey school.

Mrs. Cline Hyl of Wooster and Mrs. I. F. Montgomery of Newark spent a few days with Mrs. Mary Hoover this week.

Mr. and Mrs. Benton Herenden and Mr. and Mrs. Frank Hoover and family were calling on E. E. Hoover last Sunday.

Mr. and Mrs. Morris Heyle of Wooster were spending a few days with their father and mother of Newark last Saturday and Sunday.

Do not forget the Grange meeting Friday evening and have a quotation for roll call.

Nell—"I wish I could get rid of these freckles. Powder doesn't seem to do any good." Belle—"Why not try dynamite?"

The Great Civilian.
In many recent editorial commentaries and magazine articles it is conclusively proved—were new proof necessary—that the railroad is the most potent of all factors in the civilization of mankind. Not only in a commercial sense, but in an ethical and religious sense, the railway is a pioneer, for it makes possible the intercourse of nations, the broadening of ideas, the seeking of newer and better things and the escape from the undesirable. In the wake of the railway come better conditions of every sort, for better transportation advantages beget better commercial conditions, and they in turn beget more intellectual development and higher ethical standards. That the railway is built primarily as a business investment does not alter the case. No claim was ever made that the railway was an ethical enterprise, but the fact remains, whatever the motive, that the railway is the handmaid of national progress, commercial, intellectual and religious.—New York Mail.

Frost Cracks.
In the annual lists of earthquakes registered at the Harvard seismographic station occasional shocks occurring in winter are noted as due to "frost cracks"—i. e., the sudden opening of fissures in the ground, resulting from freezing. The late Professor Shaler in one of his lectures mentioned the occurrence of a sensible shock at Cambridge some forty years ago, which he traced to a crack in the frozen ground. An apparent earthquake near Akron, O., probably due to a frost crack, was described in the American Geologist, Vol. 1, 1888, while another, which caused a mild panic at Attleboro, Mass., was reported in the Attleboro Sun of Jan. 23, 1903. Professor Woodworth says that "this idea of frost cracks is very widespread in New England as an explanation of many small shocks coming at a time when the frozen ground is known to have cracked open."—Philadelphia Press.

Discomforts of Coaching Days.
Posterity will know nothing of the misery their forefathers underwent in the traveling way, and whenever we hear—which we often do—unreasonable grumblings about the absence of trifling luxuries on railroads we are tempted to wish the parties consigned to a good long ride in an old stagecoach. Why, the worst third class that ever was put next the engine is infinitely better than the inside of the best of them used to be, to say nothing of the old coaches, with their roastings, their soakings, their freezings and their smotherings with dust, one cannot but feel that the establishment of railways was a downright prolongation of life.—Surtees (1858).

Theodore Hook and His Chest.
Thomas Moore held the post of registrar in the Bermuda government, but he only held it for a few months and left after appointing a deputy. Another famous man of letters, Theodore Hook, held a somewhat similar position in Mauritius, but left suddenly under a cloud, owing to some irregularities with the treasury chest. It is said of this incorrigible joker that on his passage home he was asked by one of the passengers why he was leaving Mauritius and calmly replied that it was owing to "a little trouble with his chest."—Westminster Gazette.

Expensive Lighting.
It takes 40,650,000 candle power to light up the outside of the Woolworth building, in New York, every night. Six hundred projector lamps, with reflectors covered with silver—not mercury—filled with nitrogen gas, each consuming 250 watts of current and delivering 67,750 candle power, are used in this illumination, which makes the tower visible twenty miles away.—New York World.

Nobody at Home.
"They say," remarked the splinter boarder, "that the woman who hesitates is lost."

"Lost is not the proper word for it," growled the fussy old bachelor at the pedal extremity of the table. "She's extinct."—Indianapolis Star.

Keeps You Waiting.
"The time, the place and the girl are seldom found together."

"True. The girl is usually half an hour late."—Louisville Courier-Journal.

PRACTICAL HEALTH HINT.

Cancer Precautions.
A writer in a medical journal mentions, among the kind of things on the skin which must be observed for cancer, all moles and warts which grow in size; all moles which change their color and grow dark brown or black; all scaling warts, especially on the lips, the ears, the eyelids, the cheeks or the hands. He further states that "perhaps the most frequent excitant of all, so far as skin cancer is concerned, is dandruff. It falls from the scalp and lights on the ear, eyelids, nose, neck, lips and face, and if there is already a scaling spot or a thickening or a wart, a mole or a gland ready to receive the dandruff scale it sets this spot alive with activity, and it goes on to form a skin cancer. Probably 90 per cent of skin cancers are due to this cause, and many a cancer has been prevented and may be prevented by curing the dandruff or by preventing it."

In his first battle a soldier's gun isn't always fired with enthusiasm.

Do You Take Tanlac?

If For Nothing Else as a Spring Tonic—It's Great T-E-S-T-I-M-O-N-I-A-L-S

NOW FEELS FINE.
B. S. Young says: "I had an aggravated case of catarrh of the stomach—suffered from sleeplessness and was restless and often felt as if I were awakening in the morning as when I retired at night. Now I feel fine, thanks to Tanlac."

"MUCH BETTER THAN I WAS"
J. P. Cutler, 240 Union street, says: "I had stomach trouble, was troubled with sleeplessness and I am a whole lot better than I was since taking Tanlac."

BETTER THAN FOR YEARS
Mrs. Lucinda Wiley, 90 Allison St., says: "Tanlac relieved me of several cases of stomach trouble of long standing—I feel better than I have for years."

MRS. RATCLIFF'S STATEMENT.
"I had indigestion and a gripe, a poor appetite and was unable to sleep well. Tanlac was recommended. I tried it. My appetite has increased and rest better at night."

GOOD FOR MR. GUY.
David Guy, 100 Oakwood avenue: "I had stomach trouble, was nervous, couldn't sleep hardly at all. Since taking Tanlac I am much relieved. My appetite is better, and I feel better than I have for a long time."

GREATLY HELPED ELDERLY LADY.
Mrs. Sarah A. Walcott, 96 Ash street, says: "I had stomach trouble, was nervous, couldn't sleep hardly at all. Since taking Tanlac I am much relieved. My appetite is better, and I feel better than I have for a long time."

WHAT MR. STOEPLER SAYS.
"I suffered from stomach trouble—had pains in my abdomen and I decided to try Tanlac. I am much improved—pains banished, stomach very much more comfortable and relieved of gas."

MRS. ROSS' EXPERIENCE.
Mrs. M. J. Ross, 336 Florence avenue, says: "I suffered from stomach trouble, loss of appetite and weakness. Tanlac has done me a whole lot of good and I can work now without becoming exhausted."

A SCHOOL BOY BENEFITED.
Mrs. James Woolles, 456 South Second street, says: "My boy suffered from nervousness. He was nervous, restless at night and felt weak and badly in the daytime, but through Tanlac was relieved. He has returned to school after a two weeks' absence."

MR. MCULLEN'S STATEMENT.
Wm. McMullen, telegraph operator says: "I had a case of nasal catarrh that was no little. The dropping of mucus into my throat was particularly annoying. Since taking Tanlac I am much improved."

CHRONIC CASE RELIEVED.
Mrs. L. Wiley, Essex avenue, says: "Tanlac recommended to me was in no sense exaggerated, as it gave me relief. It improved my appetite and my sleep, which has been poor, it's much improved and I feel better in every respect."

SAYS TANLAC IS GOOD.
Mrs. Grandstaff, 161 East Church street, says: "I had stomach trouble and indigestion and Tanlac was recommended to me, and I tried with the result that I was greatly improved by it."

GLADLY ENDORSES TANLAC.
David Barker, 56 South Williams street, says: "I suffered from a cold or la gripe and was in a general run down condition. I felt that I needed an unbuilding tonic. Tanlac proved exactly what I needed."

WHAT MR. COYNE SAYS.
Edward Coyne, 165 Grant street, says: "I was troubled with my stomach and sleeplessness and one bottle of Tanlac has convinced me that it is a great medicine for such ailments."

FOUND RELIEF IN TANLAC.
Amos Coursons, 16 Flory avenue, of Tanlac says: "Tanlac had a fine effect on me—I had stomach trouble—I decided to try Tanlac. I am much improved."

STOMACH TROUBLE RELIEVED.
J. P. Cutler, 240 Union street, says: "I had stomach trouble and was troubled with sleeplessness and I am a whole lot better than I was since taking Tanlac."

STUBBORN CASE RELIEVED.
Mrs. Bertina Harris, Toboso, says: "I had stomach and bladder trouble and was so weak I was unable to walk. I tried Tanlac and it did it. I am now feeling fine and am feeling better than I have for a long time."

RAILROAD MAN RELIEVED.
Capt. Frank Backerton, South Second street, says: "I was in a run down condition, had a general run down condition, had a poor appetite, was sleepless, nervous and all out of sorts and nothing helped me until I took Tanlac."

OTCROGANIAN BENEFITED.
S. P. Clark, 74 Grant street, said: "I have suffered more or less for forty years from stomach trouble, and Tanlac has given me more relief than all other medicine I have taken during that time, and I am now nearly eighty years of age."

TANLAC FAITH UNSHAKABLE.
Wm. E. Priest, 274 Hollander street, said: "I was in a run down condition, had a general run down condition, had a poor appetite, was sleepless, nervous and all out of sorts and nothing helped me until I took Tanlac."

RELIEF MOST SATISFACTORY.
Mrs. Mary Billingsley, South Fifth street, says: "I had stomach trouble, catarrh, indigestion and was in a general run down condition, was sleepless, nervous and all out of sorts and nothing helped me until I took Tanlac."

BROUGHT MUCH RELIEF.
Mrs. Paschal, 30 South Fourth street, says: "I was nervous and had liver trouble, had no appetite, slept poorly and was generally run down. I feel a great deal better."

RELIEF MOST SATISFACTORY.
Mrs. Mary Billingsley, South Fifth street, says: "I had stomach trouble, catarrh, indigestion and was in a general run down condition, was sleepless, nervous and all out of sorts and nothing helped me until I took Tanlac."

RELIEF MOST SATISFACTORY.
Mrs. Mary Billingsley, South Fifth street, says: "I had stomach trouble, catarrh, indigestion and was in a general run down condition, was sleepless, nervous and all out of sorts and nothing helped me until I took Tanlac."

RELIEF MOST SATISFACTORY.
Mrs. Mary Billingsley, South Fifth street, says: "I had stomach trouble, catarrh, indigestion and was in a general run down condition, was sleepless, nervous and all out of sorts and nothing helped me until I took Tanlac."

RELIEF MOST SATISFACTORY.
Mrs. Mary Billingsley, South Fifth street, says: "I had stomach trouble, catarrh, indigestion and was in a general run down condition, was sleepless, nervous and all out of sorts and nothing helped me until I took Tanlac."

Many a man's downfall is caused by tripping over his good resolutions.

MRS. MCALLEY RELIEVED.
Mrs. Beatrice McAlley, 177 South Williams street, says: "I had iron woulded no little with stomach trouble, did not sleep well and was out of sorts generally. I bought a bottle of Tanlac and it helped me. I feel better than I have for months."

PATRICK MCGINLEY SPEAKS.
Patrick McGinley, 250 Indiana St., says: "Tanlac is worth \$5.00 instead of \$1.00 per bottle. It made me sleep, eat and feel better all over—knocked out stomach trouble. I have taken three bottles of Tanlac and every drop of it is good."

LACONICALLY EXPRESSED.
Mrs. Barbara Frazier, 32 Tenth St., on being asked what effect, if any, Tanlac had in her case, she very promptly and laconically replied: "Tanlac is all right, and it helped me wonderfully."

DREADFUL PAINS IN BACK.
Mrs. Nellie Blair, 56 North Second St., says: "I was almost wild with stomach trouble—pains in my sides and back, and I was unable to sleep. Tanlac has banished the pains, strengthened me and I'm greatly improved in every respect."

HOTEL CLERK HELPED.
Homer C. Batch, night clerk at the Arcade Hotel, said: "I regard Tanlac as an excellent stomach medicine and tonic upbuilder—it has helped me wonderfully. I feel better than I have for a long time."

HAPPY OVER RESULT.
Mr. W. C. McMannus, 71 Hoover St., says: "I had catarrh of the head, had become weakened and run-down. Could not sleep well at all, and my appetite and interest in all things that formerly appealed to me were lacking, and I became despondent over my condition, but less than two bottles of Tanlac has made of me a different man."

LOCAL TANLAC AGENTS.
Tanlac is demonstrated at Hall's Drug Store, Newark, and is for sale at Hebron by the Hebron Drug Co.; Pataskala, by J. L. Strine; Johnstown, by C. S. Howard; Croton, by J. W. Hulse; Centerville, by E. E. Walters; Granville, by W. P. Ullman; Utica by P. H. Richardson.

EDWARD COYNE SAYS IT'S GREAT.
Mr. Edward Coyne, 165 Grant street, says: "I was troubled with my stomach and sleeplessness and one bottle of Tanlac has convinced me that it is a great medicine for such ailments."

"I FEEL MUCH BETTER."
Mrs. Mary F. Warner, 39 1/2 South Second street, says: "I suffered from pains in my stomach, bowels, back, heart and had catarrh. All of the ailments have been greatly benefited and I've now taken the second bottle of Tanlac."

FORMER GRANVILLE MAYOR HELPED.
Hon. D. N. Bay, Granville, says: "I had catarrh of the lungs and could get no relief until I took Tanlac and Tanlac helped me greatly and did it so quickly. I also was miserable with the weakness that follows in the wake of la gripe and that, too, was knocked out by Tanlac."

DRUG SALESMAN GREATLY HELPED.
Mr. Owen Christman, a salesman at Hall's Drug Store, says: "I took a few bottles of Tanlac and it helped me in a severe case of grip very materially. Tanlac not only benefited the la gripe, but it acted as a strengthening tonic."

C. C. MITCHELL RELIEVED.
C. C. Mitchell, 62 Allen street, says: "For years I had stomach trouble and at times have been unable to sleep much, but thanks to Tanlac I am much improved. I now sleep better than I have for years, my appetite has returned and I'm stronger and better in every way than for a long time."

TANLAC HELPED HIM.
John Moakler, 34 Jefferson street, says: "I had stomach trouble and catarrh. I was nauseated much of the time and my throat was constantly inflamed, but the Tanlac helped me, and now I feel better and my stomach has been greatly benefited by Tanlac."

NEWSPAPER MAN HELPED.
Mr. S. O. Preston, 255 West Lorain street, Newark, says: "I had catarrh and kidney and stomach trouble, and I felt I never expected to be entirely relieved at my time of life. Tanlac has helped me no little, and I'm grateful for it."

BROUGHT MUCH RELIEF.
Mrs. Paschal, 30 South Fourth street, says: "I was nervous and had liver trouble, had no appetite, slept poorly and was generally run down. I feel a great deal better."

RELIEF MOST SATISFACTORY.
Mrs. Mary Billingsley, South Fifth street, says: "I had stomach trouble, catarrh, indigestion and was in a general run down condition, was sleepless, nervous and all out of sorts and nothing helped me until I took Tanlac."

Mrs. Mary Billingsley, South Fifth street, says: "I had stomach trouble, catarrh, indigestion and was in a general run down condition, was sleepless, nervous and all out of sorts and nothing helped me until I took Tanlac."

RELIEF MOST SATISFACTORY.
Mrs. Mary Billingsley, South Fifth street, says: "I had stomach trouble, catarrh, indigestion and was in a general run down condition, was sleepless, nervous and all out of sorts and nothing helped me until I took Tanlac."

RELIEF MOST SATISFACTORY.
Mrs. Mary Billingsley, South Fifth street, says: "I had stomach trouble, catarrh, indigestion and was in a general run down condition, was sleepless, nervous and all out of sorts and nothing helped me until I took Tanlac."

RELIEF MOST SATISFACTORY.
Mrs. Mary Billingsley, South Fifth street, says: "I had stomach trouble, catarrh, indigestion and was in a general run down condition, was sleepless, nervous and all out of sorts and nothing helped me until I took Tanlac."

At any rate, the actress who is late in dressing can always make up for lost time.

GREATLY INDEBTED TO TANLAC.
Miss Elfrida Luckner, at the Ideal Exchange, says: "On account of illness I had to leave my position and was confined to my home for six weeks and could find nothing to give me relief until I found Tanlac. I have taken four bottles of that great medicine and I now am entirely well and back at work. I had rheumatism, my blood in bad condition was run down and out of sorts generally."

CLEANED OUT NOSE.
Mr. James Dublin, 36 East Locust street, says: "My head, nose and throat were stopped up; I spit up mucus and was generally miserable. I took two bottles of Tanlac and it cleared out my nose, throat and head and I am feeling very much benefited."

KNOCKED OUT RHEUMATISM.
C. C. Welsh, 404 Eastern avenue, says: "I had rheumatism in my knees, legs and hips and kidney trouble. Lightening or shooting pains were woundingly worrying me and then again dull, nevertheless severe pains followed. I have now bought four bottles of Tanlac. These pains have practically disappeared. I can walk better, my appetite is improved, sleep much better and my general health improved."

SLEEP, EAT AND FEEL BETTER.
Mrs. Mary Zipperer, 320 West Locust street, says: "I was nervous, couldn't sleep and my appetite was poor. I have taken two bottles of Tanlac and I feel better, eat better and feel greatly relieved. Tanlac is a fine medicine."

PLAINLY SPOKEN WORDS.
Mrs. Sarah Martin, 257 Granville St., says: "I had the la gripe for seven weeks, and was weak, nervous and run down, and stomach trouble, had no appetite and slept poorly and was weak and nervous. Tanlac is a fine medicine and I do not believe I ever would have gotten straightened out without it."

SCHOOL GIRL RELIEVED.
Miss Lizzie Livingston, a school girl, resides at 436 Garfield avenue, says: "I had stomach liver and kidney troubles, but since I have taken Tanlac I am greatly relieved in every respect, and my stomach trouble, head and back better, sleep better, in fact, Tanlac has helped me wonderfully."

NERVOUS HEADACHE BENEFITED.
Mrs. C. C. Vogelmeier, 201 South Second street, says: "I had a nervous breakdown, was so nervous I could not sleep, but little. Tanlac quieted my nerves and made me sleep better."

HELPED MR. KIGER.
Lawrence Kiger, 400 North Tenth street, says: "I had stomach trouble for seven or eight years, was troubled with stomach and pains in my head and body and at times I was almost unable to do any work. After having taken one bottle of Tanlac I feel much better than for many years, and I give Tanlac the credit for it. It is the very best medicine I know of and I recommend it."

PUT BACK TO WORK.
Mr. Sam Patrick, No. 3 Avalon Block, says: "I had a severe case of stomach trouble and asthma and had not been able to do any work for six months. I suffered a great deal of pain and in bed most of the time. I bought a bottle of Tanlac and it did me so much good I bought another and another. Now I am feeling much better and am now able to follow my usual occupation, which is that of a cement worker."

IT'S BEST OF ALL.
Mrs. Welsh, North Eddy street, says: "I had stomach trouble, and I tried many preparations, but Tanlac did more good than all of them. I suffered much pain, but am much improved in that respect, and I am sleeping better."

TWO AILMENTS HELPED.
Philip Strear, 61 South Fifth street, says: "My wife had neuritis and stomach trouble, had little appetite, was sleepless, was run down and generally debilitated. Tanlac has cured both ailments and she feels better than she has for years."

AGREEABLY DISAPPOINTED.
Wm. H. Deenis, 50 German street, says: "Tanlac did for me what I thought it would not do. It helped both my catarrh and stomach trouble—sleep better, eat better and feel better."

INDIGESTION AND STOMACH HELPED.
Mrs. Stull, of Woods avenue, says: "I had stomach trouble and indigestion, poor appetite, now sleep well, have good appetite and feel better in every respect."

ESTABLISHED IN 1820

Entered as Second Class Matter
March 10, 1882, at the postoffice at
Newark, Ohio, under the Act of March
4, 1879.

The Shakespeare anniversary has
now been thoroughly celebrated by
going to see the musical comedies
and the movies.

It is the common thing for the
girls to lead the school classes, but
as the boys can beat them at baseball
they are not worrying about it.

It is not necessary in order to co-
operate with the town beautiful
movement, to paint your house red
with yellow trimmings.

Some churches are putting in mov-
ing pictures, and they are very pop-
ular up to the time when people de-
mand that vaudeville shows be added.

Many people who couldn't spare
one minute to put the cover on the
garbage can where flies breed, will
spend a whole hour swatting the in-
sects about the house.

Many people can't go to church
on rainy days because the weather is
too bad, and they can't go on pleas-
ant days, because the weather is too
good and just right for motoring.

After letting the grass all run out
on the lawn and keeping tumble
down chicken coops in the back
yard, some men will complain of
their hard luck because they have to
sell their houses at a big loss.

Better Men for Volunteers.

The critical situation with Ger-
many and the trouble in Mexico
bring right up to the business com-
munity the question what it will do
to co-operate in the cause of mili-
tary efficiency. The business man
who complains of the lack of this
efficiency is often the same one who
won't let his employees be absent at
encampments.

It is pleasant to note that many
business houses now take a broader
view. A dry goods store of Boston
has just offered ten men a month at
camp with full pay and help on
transportation and equipment. If
that spirit shall prevail generally,
Uncle Sam will soon have a force
that would cause any aggressive
power some serious thinking.

If National Guard officers were
asked what is the greatest obstacle
they meet, they would be apt to say
that it is the difficulty in getting
high class men for recruits. Of
course there have always been plenty
of good men in the force, fellows of
nettle, chivalry and patriotism. But
this ideal type is none too common.
Here in Newark efforts to reorganize
Company G have failed for lack of
interest among the young men.

To the ordinary young man de-
sires of this training, it has meant
he must give up his job. That
might cause him a loss of hundreds
or thousands of dollars. It is a dis-
proportionate sacrifice to ask.

In former years many recruits
were more or less sports who enjoyed
the convivial life of encampments.

Daily History Class—May 11.

1778—Washington and his generals at
Valley Forge renounced allegiance
to King George III. and took oath
acknowledging the rebelling colonies
to be "free," independent and
sovereign states.

1864—Decisive cavalry action at Yel-
low Tavern, Va. Confederate Gen-
eral Stuart mortally wounded.

1905—In West Galicia Von Macken-
sen's allied Teutons continued to
drive the Russians eastward on a
wide front.

ASTRONOMICAL EVENTS.

Eveing stars: Mercury, Mars, Sat-
urn. Morning stars: Jupiter, Venus,
Constellation Corvus, four stars form-
ing a quadrangle, seen due south, low
about 8.30 p. m.

Of recent years the work has grown
sober and serious, less attractive to
such men. But it has often been
necessary to depend on fellows of
very mediocre ability, who entered
the service mostly because they got
thereby a free vacation.

Our force need the best type of
recruits to be found. The business
community would suffer infinitely
by war. It will be cheaper to sacri-
fice a little through absence of em-
ployees at camps, than to run the risk
of war resulting from lack of reason-
able preparation.

Captain A. H. Heisey brings to the
Advocate's attention the schedule of
the military training camp at Platts-
burgh, New York—five camps extend-
ing from June 5 to October 5—and
states that it would be a good idea
to outline the mode of procedure
there as some of Newark's citizens
might want to go into training, if
not for military purposes for the
physical benefit they would derive.

The expense attached to this en-
campment is small—\$30 to \$22.50
exclusive of uniform which costs
about \$10. Those who are interest-
ed in the Plattsburgh camp may ob-
tain full detailed information by
addressing Officer in Charge, Military
Training Camps, Governors
Island, New York.

Knocker vs. Booster.

The city of Springfield, Mass., is
going to no little expense and trou-
ble to point out the difference be-
tween a Booster and a Knocker. At
several approaches to the city are
huge bulletin boards upon which the
following lettering may be seen:

Someone has said that when the
Creator had made all the good things
there still remained some work to
do, so He made bears and reptiles
and poisonous insects, and when He
finished there were some scraps
left, so He put all these together,
covered it with suspicion, wrapped it
with jealousy, marked it with a yel-
low streak and called it a KNOCK-
ER.

This product was so fearful to
contemplate that He had to make
something to counteract it, so He
took a sunbeam, put it in the heart
of a child, the brain of a man
wrapped these in civic pride, covered
it with brotherly love, gave it a mask
of velvet and a grasp of steel and
called it a BOOSTER: made him a
lover of fields and flowers and man-
ly sports, a believer in equality and
justice, and ever since these two
were created, mortal man has had
the privilege of choosing his own
associates.

Labor and Building Costs.

The problem of supplying inex-
pensive homes for working people
grows more difficult as labor and
material costs rise. Many owners
say they get no satisfactory return,
and the workingman finds his rent
high.

One economy is the use of houses
with shingled walls. In this way
the bill for house paint, including
much labor and costly material, may
be smaller than it was years ago in
the days of painted clapboards.

Tenants are careless of wall paper,
children decorate the walls to their
heart's content, and every new occu-
pant wants fresh papers. Many land-
lords cut this cost by using interior
finish of plaster and other materials
in tasteful tints done over inexpen-
sively.

A good system of water supply
and drainage is now demanded in
many localities where once people
lived in the simplest rustic manner.
The plumber and all his minions are
highly paid creatures, and they han-
dle high cost material, to which their
own satisfactory profit is added.
These are costs that one can't re-
duce. It rarely pays to put in cheap
work, which involves too many re-
pair bills. The upkeep of really

good plumbing ought not to be very

great.
Houses holding two or more fami-
lies grow more popular as rents rise.
There is an economy, as one lot, one
roof, and one basement serves for
two or more households. Many of
these buildings are ugly, placed
thick together so as to constitute a
fire hazard, and to weaken interest
in improvement of grounds. The
owner should realize that an ade-
quate lot and the beautifying of the
same, makes real estate more val-
uable. Thus in various ways the
problem of high rents is met to some
extent, and the rented house may
pay as good interest as other forms
of property.

The Deadlocked Army Bill.

(Philadelphia Record.)

When the four regiments of regu-
lar United States infantry now en
route from northern New York and
the State of Washington shall have
arrived at the Mexican border this
country will have been swept practi-
cally clean of mobile troops. Five
troops of cavalry of a strength of
500 men are all that will remain at
points remote from the frontier.
There are our garrisons in the Phil-
ippines, Hawaii and Panama, ap-
proximately 21,000 men; and there
is the coast artillery of about the
same strength. But these don't
count. The garrisons of our outly-
ing possessions and our forts cannot
be reduced. Brigadier General Per-
shing has 14,500 men in his expedi-
tionary force; there are 12,000 men
under the immediate command of
General Funston on the border; and
these, with the four regiments en
route—a total of 30,500 men—con-
stitute the available field army of
the United States.

In this situation the refusal of
the House to accept the provision of
the Senate bill for a regular army of
50,000 men is incomprehensible.
Even if the full complement of
men thus provided for could be ob-
tained by enlistments in the regu-
lar army, which is not at all cer-
tain, the mobile force left after the
liquidation of necessary overseas and
coast fortress garrisons and special
service troops would not greatly ex-
ceed 150,000 men. This would be
less than one-third the minimum re-
quired as a first line of defense, ac-
cording to military experts. Never-
theless the House also has rejected
the Senate bill's provision for the or-
ganization of a volunteer army of
201,000 men. The singular thing
about this action of the House is
that the provision now rejected is
identical except in one particular,
with a measure previously approved
by Chairman Hay, of the Military Af-
fairs Committee. The exception is
that the organization of the volun-
teer army mentioned in the Senate
bill might be proceeded with at any
time the idea being to confer on
the President authority to prepare
for war in time of peace instead of
requiring him to wait until a con-
flict is upon us.

The House also insists upon its
increase of the appropriation for the
National Guard from \$8,000,000 to
\$18,000,000. It is expected this re-
make service in the National Guard
so attractive that the strength of
this force will be raised from a nom-
inal 120,000 to an actual 450,000,
or thereabouts. And this expecta-
tion is to be our sole dependence in
case of an emergency arising that
would require the quick mobilization
of a defensive field army. Essentially
the House Army bill is the Mil-
itary Pay bill, which its advocates
could not get passed on its merits
and which is now to be foisted on
"the country in the guise of a "pre-
paredness" measure. The proposi-
tion that the officers and men of the
National Guard should get reason-
able compensation for their services
might be defended; but the National
Guard will not become Federalized
merely by making it a beneficiary of
the Federal Treasury.

A simple method of analyzing
limestone for relative purity, to-
gether with an apparatus for making
the tests has been designed by Dr. Cy-
ril G. Hopkins of the college of ag-
riculture of the University of Illi-
nois. The method is not patented,
but is designed, and offered to the
public for the service it may ren-
der in helping to place American ag-
riculture on a more scientific and
profitable basis.

HINTS TO PROGRESSIVE FARMERS

Corn Contest Rule.
Rule 8 of the Corn Growing
Rules has been revised to read as
follows, says J. R. Clark, director of
junior contests:

"The contestant shall assist in do-
ing or shall do all the work on
the acre, such as planning, manur-
ing, fertilizing, plowing, preparing
the seed bed, and all the other work
up to and including the planting;
but from the time the corn is plant-
ed, up until the time of the husking,
the contestant shall do all of the
work on the acre. The contestant
may have assistance in husking the
corn."

Dogs May Carry Diseases.
According to a bulletin issued by
the United States Department of
Agriculture, dogs are carriers of
diseases, including rabies, hydatid
ringworm, fava, double-bored tape-
worm, and tongue-worm. Occasion-
ally the dog carries fleas and ticks,
which in turn carry bubonic plague
and spotted fever.—American Farming,
Chicago.

Keeping the Cows Contented.
An abundance of bedding in the
cows stalls makes for clean milk,
contented cows and a clean floor.
The manure is conserved better and
greater value is secured from the
straw or other bedding material. The
floors should be cleaned regularly.
Even when the cows live out of
doors in the summer time and are
in the barn only a short while for
milking, failure to clean the floor
and gutter regularly will result in
foul odors that will tend to hurt
the milk. During the summer

Pointed Paragraphs

Let us hope that the German
pledge means also that no more
ships will be fired or dynamited in
American harbors.—New York
World.

William Lorimer has more trou-
bles than almost any other innocent
man in the country.—Indianapolis
Star.

"Uncle Sam is taking up the ques-
tion of needful relaxation as a fac-
tor in efficiency," says The Wash-
ington Star. The Government clerks
who have a month holiday and a
month sick leave every year might
be used as demagogues—if they
were just a little bit more efficient
than other clerks.—Louisville Cour-
ier-Journal.

General Pershing is to be equip-
ped with a searchlight that has a
range of ten miles, but it will have
to have greater searching power
than that if it is to throw light on
the conditions in Mexico which ren-
der Villa uncatchable.—New York
Evening Sun.

If Germany had a greater navy
than England it would not be in
favor of "the freedom of the sea."
—Rochester Herald.

Bill Sulzer and Gene Foss have
dropped off and Teddie's hands are
slipping.—Florida Times-Union.

Mr. Brandeis is almost as terrify-
ing to the Senate as a national pro-
hibition amendment.—Kansas City
Star.

Maximilian Harden's continued
strong defense of Wilson in his
Berlin paper is significant, perhaps,
if it is regarded as an appendix to
the German note.—Springfield Re-
publican.

A Little Fun

Poor Teddie.
"What do you think of the presi-
dential primaries in Illinois?"
"Honest, it's enough to make an
Oyster Bay."—St. Louis Star.

By Degrees.
"My dear, isn't that dress a trifle
extreme?"
She—Extremely! Why I put this on
in order that you may become ac-
customed to the one I am having
made.—Judge.

A Tip From Paw.
Suitor—What makes you think,
sir, that I will not be able to support
your daughter?
Her Father—The difficulty I've
had in doing it myself.—Boston
Transcript.

Jury Wanted the Evidence.
"Your lordship," said the fore-
man of the jury, "this lady is suing
this cent for \$5,000 for a stolen
kiss."
"Correct," responded the judge.
"You are to decide if it was worth
it."

"That's the point. Could the jury
have a sample?"—Irish World.
In February Tampico, Mexico,
shipped 937,516 barrels of crude oil
to the United States. In February
of 1915 the amount was 746,164 bar-
rels.

GET RID OF HUMORS

Hood's Sarsaparilla is the Medicine
to Take—Makes Pure Blood.

Dry, moist scaly tetter, pimples,
boils, and other eruptions come from
humors, which may be either inher-
ited, or acquired through defective
digestion and assimilation.

To treat these eruptions with dry-
ing medicines is dangerous.

Hood's Sarsaparilla, the old reli-
able medicine, helps the system to
discharge the humors, and improves
the digestion and assimilation.

Get Hood's Sarsaparilla from your
druggist. It may be confidently re-
lied upon to do its work. It purifies
the blood, tones the stomach, and
builds up the whole system. It goes
to the roots of diseases, and its bene-
ficial results are permanent. It sets
things to rights in the system. Re-
member to ask for Hood's Sarsapa-
rilla, because nothing else acts like
it and nothing else can take its place.

The Advocate's Melting Pot

Not to understand a treasure's worth
Till time has stolen away the slightest
wood.
Is cause of half the poverty we feel.
And makes the world the wilderness
it is.
—Cooper.

Oh, Narcissus!
He wears a Sport shirt.
I don't care.
I think that his red
Name is Lizzy.
—Lanke McLuke.

He wears a wrist watch.
Aunt Caline says
I think that his red
Name is Lizzy.

Aunt Caline Says
Cilly Guy had
her fortune told
by a girl which
said she was a
gypsy. Cilly gave
her two loaves of
bread to tell it and
the girl told her
she was going to
have a big fortune
left her soon. So
Cilly has bought
herself some new
silk clothes and a
talking machine.
She says if she is
going to have all
that money she might as well spend
what she has now and get a little en-
joyment in life.

The Dissolute Cow.
Storn Sam had sold her Jersey cow.
"Her milk I cannot use."
She said, "She's fast for I know."
The creature drinks and chews."

Mr. Eubank Is Handsome.
It is said that the proportion of in-
sane women, already large, is alarm-
ingly on the increase in Texas. It
will be recalled that in Texas are
concentrated the activities of both
George Bailey and Judd Lewis.—
Newark Advocate.

But that report did not get out
until we began running the portrait
of the religious editor every Sun-
day.—Judd Lewis in Houston Post.

We thought that down in Texas land
The breakfast food that follows
The old alarm clock's rude command
Was "Get up!" in liquid sawdust.
—Kee Maxwell in Peoria Journal.

We guessed—judged by the way
The Texas cats and dogs
He breakfasted and dined and supped
On "predigested" quarts.
—Memphis Commercial Appeal.

Ah, Texas, with these cats and drinks,
"Twould surely seem that thou,
Who hold both Judd and George, by
Were Paradise Frow.

NEWARK MAN'S
STORY IN OUTING

(St. Louis Globe-Democrat.)
The leading article in Outing this
month is written by Ralph and Lura
Miller, well known in St. Louis. Mr.
Miller, being a teacher in Soldan
High School. The title of the article
is "The Waters of Gitchie Gumee."

Scratched 10 Years

Healed In One Week

Finally Cured By Using One Dollar
Bottle of Amolox

One bottle of Amolox cured me.
For ten years I suffered with eczema
of the scalp, my head being covered
with scales and scabs. I tried every-
thing recommended and everything
advertised without relief until I
bought a bottle of Amolox. It re-
lieved the itching at once and one
bottle entirely cured my eczema. I
heartily and cheerfully recommend
it to all sufferers of this horrible
disease.

James W. Seward, Brazil, Indiana.
Amolox ointment will quickly re-
move pimples on the face, black-
heads, and clear up a badly com-
plexioned. Trial size, 50c. Mud cases
of eczema, psoriasis, salt rheum, etc.,
lasted for years, require both
Amolox solution and ointment to ef-
fect a cure. Recommended and
guaranteed by T. J. Evans.

You've Got To Hand It To Them.
A news item says that a Northern
man has "invented a house for a
bird with a removable bottom." We
have always admired Yankee inge-
nuity.—Judd Lewis in Houston
Post.

Must be some place farther east.
We don't seem to recall having seen
any of that kind around here.

Beware!
In the Spring a livelier bird
Makes the ring dove's neck look nice!
In the spring young man's "fancy's"
Apt to make him pay the price.
—Memphis Commercial Appeal.

And the poor deluded youngster
Doesn't realize, by Jingo,
That the price is small contrasted
With the upkeep of the thing.

Did You Know
That the peak of Teneriffe throws
a shadow fifty miles in length? Ten-
eriffe is a dormant volcano and is the
highest summit in the Canary
Islands. It is 12,182 feet above the
sea level and rises from a rugged,
circular plain of lava debris and
pumice 7,000 feet above sea level,
about eight miles in diameter and
fenced in on all sides by a wall of
rock. Sulphurous vapors are con-
stantly exhalant from its crevices.

How Texas Is Misjudged.
Down this way it is toasty crisp.
Then cakes and eggs and bacon,
And then strawberries drenched with
cream.
Who wouldn't want to waken?
—This Texas Colm.

We thought that down in Texas land
The breakfast food that follows
The old alarm clock's rude command
Was "Get up!" in liquid sawdust.
—Kee Maxwell in Peoria Journal.

We guessed—judged by the way
The Texas cats and dogs
He breakfasted and dined and supped
On "predigested" quarts.
—Memphis Commercial Appeal.

Ah, Texas, with these cats and drinks,
"Twould surely seem that thou,
Who hold both Judd and George, by
Were Paradise Frow.

There is more Catarth in this section
of the country than all other diseases
put together, and for years it was sup-
posed to be incurable. Doctors pre-
scribed local remedies, and by con-
stantly failing to cure with local treat-
ment, pronounced it incurable. Cat-
arth is a local disease, greatly in-
fluenced by constitutional conditions
and therefore requires constitutional
treatment. Hall's Catarth Cure, man-
ufactured by F. J. Cheney & Co., Toledo,
Ohio, is a constitutional remedy. It
is taken internally and acts through the
Blood on the Mucous Surfaces of the
System. One Hundred Dollars reward
is offered for any case that Hall's
Catarth Cure fails to cure. Send for
circulars and testimonials.
F. J. CHENEY & CO.,
Toledo, O.

Sold by Druggists 75c.
Hall's Family Pills for constipation.

MAKE YOUR HOME
A HEALTH RESORT

A Little of This Water Taken
Before Breakfast Cleans
the Waste from Stomach
and Bowels

Doctors everywhere send their
patients to the Springs instead of
loading their systems with drugs.
Thousands of sufferers from Consti-
pation, Stomach and Liver troubles
are sent by their physicians to drink
this famous water. It does its work
quicker and more thoroughly than
drugs and leaves you feeling refresh-
ed and invigorated.

Go to your druggist and get a bot-
tle of Tollo Water from Dawson
Springs, Kentucky, and start tomor-
row morning. Pour out about a
third of a tumbler of Tollo Water
and fill the glass with plain water
and drink it before breakfast. It
will immediately empty the stom-
ach and bowels of the accumulated
waste that is poisoning your system.

When the system is clogged the
stomach and liver can't do their
work. Besides causing you to feel
as if you had a lump in your chest
and that stuffy, bloated feeling after
meals, you get a headache because
the poison in the bowels has ac-
cumulated the blood has taken it up
and is carrying it through the sys-
tem. In a little while it makes your
skin yellow and blotchy, your breath
gets foul and your tongue coated.
All these come from allowing the
waste from previous meals to re-
main in the system too long.

Start Tollo Water tomorrow mor-
ning. The first glass will convince
you of its really wonderful qualities.
You will be clean inside; your food
will go into a fresh, clean stomach
ready to take up its work of ex-
tracting the nourishment—there
will be no constipation or liver
trouble.

There is more Catarth in this section
of the country than all other diseases
put together, and for years it was sup-
posed to be incurable. Doctors pre-
scribed local remedies, and by con-
stantly failing to cure with local treat-
ment, pronounced it incurable. Cat-
arth is a local disease, greatly in-
fluenced by constitutional conditions
and therefore requires constitutional
treatment. Hall's Catarth Cure, man-
ufactured by F. J. Cheney & Co., Toledo,
Ohio, is a constitutional remedy. It
is taken internally and acts through the
Blood on the Mucous Surfaces of the

NOTICE TO CONTRACTORS.
State Highway Department, Columbus,
Ohio, May 10, 1915.
Sealed proposals will be received at
the office of the State Highway Com-
missioner at Columbus, Ohio, until two
o'clock p. m. May 19th, 1915, for im-
provements in Licking County, on
Section "A" of Newark-Lancaster Road,
C. C. H. No. 559, section No. 278, in
Newark Township. For constructing
the bridges and culverts, grading the
roadway and paving with bituminous
macadam a length of 1,200 feet, or 2.2
miles. Width of pavement, 16 feet.
Width of roadway, 26 feet. Estimated
cost of construction, \$25,522.22. Date
set for completion, November 1st, 1916.
The bidder must submit a proposal
and contract bond for an amount
equal to the estimated cost.
Plans and specifications are on file
in the office of the State Highway
Department and the County Highway
Commissioner. Reserve the right to re-
ject any and all bids.
CLINTON COWEN,
State Highway Commissioner.

LET'S SEE, NOW: WHAT DID THIS FAIR MAIDEN SAY

Every mail is bringing numerous letters to the Advocate Melting Pot, each with a suggestion for the fifth line of the jingle: "There was a young lady from Wales." Who will submit the best line? Who will get the dollar?

All answers must be in the Advocate office not later than 8 a. m. Saturday, May 13. The one who writes what the editor believes to be the best line will be given a dollar. Here are the first four lines of the jingle. The reader is asked to supply the fifth line:

There was a young lady of Wales
Who had an aversion for males;
When asked if she'd wed
The fair maiden said:

"Ah! love is eternal," sighed the amorous swain. "At any rate, married life seems to be," snorted the Benedict.

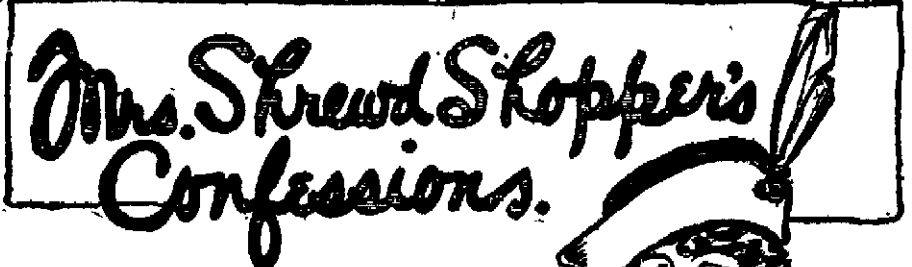

In this country a man never realizes how many rights he has till he reads the Constitution of the United States.

EMBASSY SECRETARY LEAVES BERLIN ON PRIVATE BUSINESS

(ASSOCIATED PRESS TELEGRAM)
Berlin, May 11.—(By Wire to Sayville.)—Joseph C. Grew, secretary of the American embassy in Berlin, will depart shortly for New York on private business, the Overseas News Agency says. Mr. Grew's father died recently.

The London Daily Express said yesterday that Mr. Grew had been sent to Copenhagen by Ambassador Gerard to telegraph to Washington a report regarding the ambassador's recent conference with Emperor William. It was said unusual importance was attached to this fact, on account of the recent rumors that Germany was considering the initiation of peace negotiations.

\$125,000 LUMBER FIRE.
Elkins, W. Va., May 11.—Fire today destroyed the mill, machine shop and a million feet of lumber at the plant of the Laurel River Lumber Co. at Jenningstown, W. Va., with a loss of \$125,000.

Mrs. Shrewd Shopper's Confessions.

No. 6.

THERE are a great many women who simply cannot resist a "bargain." They will buy things they have no earthly use for simply because they are cheap. The attics of their homes are filled with pretty gawgaws bought from time to time at "ridiculously" low prices, but which cannot be utilized in any way.

AND, ON THE OTHER HAND, THERE ARE A GREAT MANY PEOPLE WHO FOREGO MANY THINGS ACTUALLY NECESSARY TO COMFORT AND HEALTH OUT OF A MISTAKEN IDEA OF ECONOMY. TRUE ECONOMY IS MORE A MATTER OF SPENDING MONEY WISELY THAN NOT SPENDING IT AT ALL.

I strive to get the most out of every dollar I spend, and I find the advertisements of our various stores a wonderful help. I study the ads. carefully and take prompt advantage of any opportunity to save money on such things as I need.

The wide awake merchant is able to offer his customers from time to time many worthy articles at a legitimate reduction in price. Manufacturers often find themselves in distress and are glad to sell their stock at a loss to some merchant who can pay spot cash. Then, again, it quite frequently happens that a manufacturer will find himself with a large stock on hand at the end of his season when he should have clean shelves. To make it worth while for some retailer to take the entire stock off his hands he offers it at a very low price. Merchants usually pass on to their customers the savings they thus make.

MY WORD OF ADVICE IS: DON'T BUY ANYTHING YOU DON'T NEED, NO MATTER HOW CHEAP IT IS, AND IF YOU CAN BUY SOMETHING YOU REALLY NEED AT A SAVING DON'T HESITATE TO BUY ENOUGH TO LAST YOU FOR A LONG TIME. MRS. SHREWD SHOPPER.

Society

The Woman's Home and Foreign Missionary Society of the Second Presbyterian church, will be entertained at the home of Mrs. Harry Rhoades, 48 East Church street on Thursday afternoon at 2:30 o'clock.

The members of the Trinity Sewing society will be entertained at the home of Mr. Howard Jenkins in Elmwood avenue on Friday afternoon at 2:30 o'clock.

The monthly meeting of the Woman's Foreign Missionary society of the First M. E. church was held at the home of Mrs. Harry Rhoades, 48 East Church street on Thursday afternoon. A large attendance was present. The following program was given:

Devotional—Mrs. Hartshorn.
Song—Society.
Prayer—Society.
Group Report—Leaders.
A play, "Tired of Mission", was given by eight members, and was very cleverly presented. Dainty refreshments were served the guests at the conclusion of the program.

Soc. re. vt
"The Daughters of Promise" Sunday school class of the North Side Church of Christ together with their teacher Mrs. Elmer Hartman spent a very pleasant evening Monday, May 8, at the home of Miss Della Tucker on Channel street.

The name of this class is rather suggestive but if you are acquainted with the teacher and the members of the class you will agree with the writer that it is a class of great promise.

If there are any young ladies in North Newark that are not enrolled in a Sunday school class they will find a hearty welcome and a very pleasant fellowship in this class. Those present were: Misses Nellie Hall, Elsie Taylor, Velma Hall, Sarah Moriart, Gladys Baker, Helen Howorth, Pansy Howorth, Della Tucker, Mildred Donahue and Mr. and Mrs. Elmer Hartman.

The evening was very pleasantly spent in music and playing of games and at a late hour dainty refreshments were served.

Mrs. Phil Vogelmeier delightfully entertained the members of her coudure club on Wednesday evening at her home in Hudson avenue. Spring blossoms in profusion adorned the home, the rooms being arranged with dogwood blossoms and lilacs, and the table was arranged with a center cluster of sweet peas. The game concluded with the awards being made to Miss Marie Hoffer, and Miss May Kammerer, while the guest trophy was received by Mrs. Frank Fitzgibbon. The guests of the club were Mrs. Frank Fitzgibbon and Mrs. W. H. Knauss.

The following party enjoyed an evening bowling at the Pastime alleys on Wednesday evening: Mr. and Mrs. C. C. Stoll, Mr. and Mrs. Edward Higgs, Mr. and Mrs. Charles Harner, Mr. and Mrs. John Nutter.

METHODISTS

(Continued from page 1)
episcopacy is awaited with interest as it not only will indicate how many bishops are to be retired and how many elected but also whether missionary bishops shall have the same ecclesiastical status as resident bishops.

An unsuccessful attempt was made today to change the conference rules to permit the election of bishops by a majority instead of a two-thirds vote.

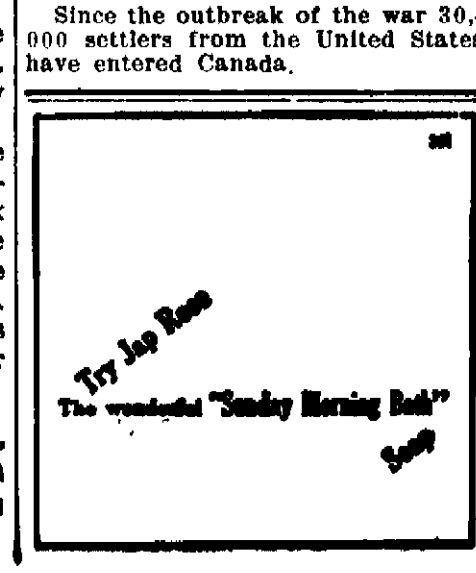

The conference also decided that the new bishops should be ordained May 24. A resolution offered by Rev. W. R. Wedderspoon of Washington to petition congress in behalf of a uniform law on marriage and divorce, was referred to the committee on state of the church.

The conference adopted a resolution to inform congress that the conference is opposed to pending legislation to amend the postal laws by giving the postmaster-general power to deny the privileges of the mails to any publication containing articles tending to expose any race or creed to hatred, contempt or ridicule.

Y. M. C. A. CONVENTION
MEETS IN CLEVELAND.
(ASSOCIATED PRESS TELEGRAM)
Cleveland, May 11.—Delegates were arriving here today on every train for the opening tomorrow morning of the thirty-ninth Triennial International convention of the Young Men's Christian Association in this city. They were met at the stations by local secretaries and directed to hotels and the Central Y. M. C. A. building, which is convention headquarters, and where they will reside. It is expected that close to 3,000 delegates will be present. This is twice as many as were in attendance at the convention at Cincinnati three years ago and more than ever attended any previous convention. Dispatches from New York today said 2,703 had registered there up to yesterday.

The convention will continue until Tuesday evening of next week. Grays' Army will be the scene of the morning and evening sessions and local churches will be used for afternoon section meetings.

Since the outbreak of the war 30,000 settlers from the United States have entered Canada.

Grab Locomotives.
The queerest locomotives are the types used in mining and called "crabs." Gliding into the black galleries of coal mines and halting at a crevice in the wall from which issues the distant ring of pick and shovel, the crab lets out a flexible tentacle (a steel cable) for perhaps 200 or 300 feet, drawing it back presently with a car of coal in tow. Feeling into the holes, first on one side, then on the other, it moves along and never fails to secure its prey. Finally, with a dozen or more cars in its wake, it proceeds to the shaft or outlet and delivers its booty to the crusher.

These crabs operate by trolley conductors. They run through the main passages of the mine. Each crab is furnished with an electrically operated drum, on which are carried 200 or 300 feet of steel cable. This is hauled into the side passages or drifts by a man, who couples the end to a loaded car, then gives a signal, and the crab does the rest.—George Frederick Stratton in St. Nicholas.

Eccentric Paving.
It is related that when Maximilian Emanuel succeeded to the throne of Bavaria he celebrated the event by causing one of the roads leading to his palace to be paved with plates of burnished copper. This, gleaming in the sunshine, gave all the effect of the more precious metal—gold.

We are told also that Louis XIV. paved one of the courts at Versailles with squares of silver, each of which had recorded upon it some triumph of the French arms. In the center of the court stood a large tablet of gold in representation of the luxurious monarch's favorite emblem—the sun. Memoirs of the time of Louis make mention of a lodge erected to the love of his youth, the fair Louise de la Valliere. The approach was paved with mirrors, wherein was painted an allegory setting forth the undying devotion of the king to Louise.

A Test of Youth.
You often see a woman at the market pinching the end of a chicken's breastbone to find out how tender—in other words, how young—the fowl is. Oddly enough, the same test with human beings is one of the most reliable known. If in advanced life the lower end of your breastbone feels elastic when pushed inward, you may assume that no important changes have yet taken place in your arteries or otherwise in your anatomical makeup.

The human breastbone is shaped like an ancient Roman sword, and the upper part of it is like the sword handle. Its point is a piece of cartilage, which anatomists call the "xiphoid" cartilage. The early hardening and stiffening of it indicate that the changes that accompany old age have prematurely begun.—Youth's Companion.

Insect Sits on Its Eggs.
Family matters in the case of insects usually mean only the depositing of eggs in suitable situations for the independent development of the offspring, the parent insects often dying before the young appear. The earwig, however, provides a remarkable exception to the general rule, for it sits upon its fifty or more eggs until they are hatched, just as a bird would do, and, moreover, if the eggs get scattered it carefully collects them together again. In the early months of the year, when digging the soil, female earwigs may frequently be found together with their batch of eggs. At the slightest sign of danger the young ones huddle close to their mother, hiding beneath her body so far as it will cover so large a family.—Strand Magazine.

Insect Wonders.
Nothing can exceed the perfection of the minutest parts of the insect organization in general. The finest strand in a spider's web, which can scarcely be seen, is said to be composed of no less than 4,000 threads. On a single wing of a butterfly have been found 100,000 scales and on that of a silkworm moth 400,000, each of these minute scales being a marvel of beauty and completeness in itself. So thin are the wings of many insects that 50,000 placed over each other would only be a quarter of an inch thick, and yet, thin as they are, each is double.

Elephants in Uganda.
"Elephants in Uganda have a peculiar aspect that I have not noticed elsewhere," writes a traveler. "They cover their bodies, as a protection against flies, with the bright red volcanic dust contained in the soil. This gives them a remarkable appearance, as instead of being a slaty gray, as in the Nile valley, their color when thus covered with dust resembles that of a chestnut horse."

His Birthday Present.
Fair Customer—I want a birthday present for my husband. Dealer—Yes, mum. How would this old clock suit you? Fair Customer—Let me see. I've got a corner in my boudoir that will just do for it! And I've been wanting an old clock for a long time. Yes, that will do!

Unhappiness.
They who have never known prosperity can hardly be said to be unhappy. It is from the remembrance of joys we have lost that the arrows of affliction are pointed.—Emile Zola.

Not Jealous.
Mrs. Jawback—John, I do believe you are jealous of my first husband. Mr. Jawback—Well, no; I don't believe I'd call it jealousy. Envy is the word.

The only wealth which will not decay is knowledge.—Langford.
Indulgence in luxuries costs each family in this country \$200 a year.

"We prefer to offer you Kayser silk gloves, because—"

they give a service that you cannot find in other silk gloves, the special sale kinds.

"Kayser gloves are made of pure silk, not weighted, and so they keep their shape and wear. Of course, you know about the double finger-tips—the original Kayser idea. They are guaranteed."

So many millions of women prefer them that more Kayser Silk Gloves are sold than all other silk gloves combined, and this is why they are to be found in the high class stores throughout the world.

Kayser Silk Gloves cost no more than the ordinary kind; whether two clasp, twelve button or sixteen button lengths Kayser's always represent the best value at the price. The name Kayser is in the hem and with each pair is a guarantee ticket that the tips will outwear the gloves.

Obituary

B. P. Horan.
Bernard P. Horan, foreman on the Columbus-Johnstown pike, succumbed to an attack of heart trouble Monday noon, while at work. Mr. Horan was born at Galena, Ill., and was nearly sixty years old at the time of his death. He was never married. The funeral services were held at the St. Joe Catholic church, Wednesday morning at 8 o'clock, conducted by Rev. Father O'Brien. Interment was made in the St. Joseph cemetery. Mr. Horan is survived by four sisters and four brothers, all of whom live in the far west, except one brother, James D., of Indianapolis.

Funeral of Mrs. Moore.
The funeral of Mrs. G. Wendell Moore of New York City was held at St. Francis de Sales church on Thursday morning at 8 o'clock. Rev. B. M. O'Boylan, the pastor officiating. Burial was made in Cedar Hill cemetery.

Mrs. Martha Wilcox.
Mrs. Martha Wilcox, aged 77 years, died at the home of her son, James W. Blaisdell, 409 Tuscarawas street, Newark, O., Wednesday afternoon, May 10, at 3 o'clock.

Martha Jane Richards was born July 27, 1838 in Freeport, Pa., and moved with her parents to Pittsburgh, Pa., when three years old. On Feb. 8, 1855, she was united in marriage to Ethmer Blaisdell of Pittsburgh, to which union two children were born: James W. of Newark, O., who survives, and Mrs. C. W. Bristol of Pittsburgh, who died March 27, 1904.

On February 24, 1876, she was married to Amos Wilcox of Allegheny, who died Dec. 27, 1903. After her husband's death she came

to Newark, and made her home with her son.

Funeral services will be conducted Thursday evening at 7 o'clock at the home. The body will be taken to Pittsburgh, Friday morning and will be buried in Sun Dale cemetery.

Miss Cora Moats.
Miss Cora Moats, 29 years old, daughter of William Moats, 236 Boyleston avenue, died this morning at 3 o'clock following a short illness of complications following an attack of grip. Miss Moats was a checking clerk employed at the Heisey glass factory.

Miss Moats was a native of Licking county. She was born October 14, 1886. She is survived by her father and mother, three sisters, Mrs. W. E. Little, Maude and Lillias and four brothers, Henry D., Charles, Jesse and William.

She was a member of the Central Church of Christ, and Rev. W. D. Ward will have charge of the funeral services, the hour and date will be announced later.

The funeral will be preached by Rev. W. D. Ward at 2 o'clock at the Central Church of Christ. Interment in Barnes cemetery.

Funeral of Ruth Bader.
The funeral of Miss Ruth Bader, daughter of Mr. and Mrs. Frank Bader of Granville street, was held on Thursday morning at 10 o'clock at St. Francis de Sales church. Interment was made in Mt. Calvary cemetery.

Mrs. Moore's Funeral.
The funeral of Clara Bell Moore of Summit street, who died at the City Hospital, was held this afternoon at 1:30 o'clock at the Central Church of Christ.

Amos Shaw.
Amos Shaw, son of Uriah and Susan Shaw, was born August 2, 1842, died May 11, at 6 a. m., at his home on East Main street with heart trouble, aged 73 years, nine months and nine days.

He enlisted in the 76th regiment O. V. I. and served three years in the civil war. He was united in marriage with Grace Ann Proctor in the fall of 1877, who preceded him to the Spirit World, May 14, 1902.

He leaves to mourn one brother, Byron Shaw, two half-sisters, Mrs. Jennie Showman and Mrs. Lida Albaugh of this city, and a half-brother, James Shaw, of Zanesville. Funeral services will be held at the home of Byron Shaw, 232 North Vine street, Saturday morning at 9:30. Burial at Cedar Hill cemetery.

An Ideal Spring Laxative.
A good and time tried remedy is Dr. King's New Life Pills. The first dose will move the sluggish bowels, stimulate the liver and clear the system of waste and blood impurities. You owe it to yourself to clear the system of body poisons, accumulated during the winter. Dr. King's New Life Pills will do it. 25c at your druggist.

There's nothing that will make troubles grow life killing, them.

Personal

Mrs. Ida M. Chase has gone to Coshocton to visit at the home of her brother, Mr. T. L. Montgomery for a few weeks.

Mr. and Mrs. C. E. Courtier entertained Mr. and Mrs. A. R. Webb and Mr. and Mrs. C. W. Miller of Newark Sunday.—Pataskala Standard.

Mr. T. L. Montgomery of North Fourth street, left Wednesday for Asheville, N. C., where he will visit his wife.—Coshocton Times-Age.

W. H. Mazey and son, Albert Guckert, George Deveraux, Robert Beeny and W. H. Griffith, all of the Mazey Company of Newark, made Johnstown a friendly call Wednesday, getting acquainted with the people as well as looking after matters of business.—Johnstown Independent.

Mrs. T. B. Smouse of Jefferson street has been called to Mt. Pleasant, Pa., by the death of her brother-in-law, E. W. Light.

Dr. C. D. O'Hara and brother Dr. are attending the Dental Association meeting in Mt. Vernon today.

Messrs. George Bowman and Leo Bader, who have been in Akron as delegates to the state convention of the Knights of Columbus, have returned to their home in Newark.

WOOLWORTH'S OPENS SATURDAY MORNING.

The extensive alterations that have been going on for so long a time at the old Kirby Store, at 17 South Third street, are nearing completion and F. W. Woolworth Co., which took over the Kirby Store, about three years ago have installed there one of the modern up-to-date stores. Equalizing the best in the State of Ohio, in counters front and stock of merchandise.

The Latest Up-to-Date ideas in merchandising has been applied here, making this store in much better shape to serve the people of Newark and vicinity.

Manager A. E. Willert who has been the resident manager for several years is very much pleased with the new store and when interviewed today he told the reporter that according to modern ideas he was not going to have the old-fashioned one day bargain with which Kirby company used to inaugurate their new stores, but instead Mr. Willert has provided on bargains to last the whole week during the "Opening Week" so that any customer visiting the store will be able to get some of the best without going through the old-fashioned Jam and Excitement. In the hope that every one will be satisfied and have time to dress during the Opening Week.

Vancouver Island. It is estimated that it can supply 1,000,000 of merchantable timber a year.

Wall Street.
(ASSOCIATED PRESS TELEGRAM)
 New York, May 11.—Recoveries from the depression which marked yesterday's last dealings were general at the opening of today's market although trading was again of a moderate and professional character. The shipping shares were prominent with gains of a point or better in United Fruit and Mercantile Marine preferred. Mexican petroleum, American Sugar and Woolworth also rose appreciably, while Wills-Overland made an upward thrust. U. S. Steel, a former speculative favorite with a slight advance and Union Pacific and Reading also improved. A further setback for Rock Island.

The forenoon was almost an exact repetition of the preceding day, prices conceding and as usual recovering. Dealings were less diversified, however, being largely limited to the prominent specialties, some of which, as United States Steel, the United Fruit and Mercantile Marine preferred, and American Sugar and Woolworth, were active. Toward midday improvement became general, Canadian Pacific leading the rally. United States Steel, the United Fruit and Mercantile Marine preferred, and American Sugar and Woolworth, were active. Toward midday improvement became general, Canadian Pacific leading the rally. United States Steel, the United Fruit and Mercantile Marine preferred, and American Sugar and Woolworth, were active.

 Oats, July 43 1/2; Sept. 40 1/2.
 Beans, July 11 1/2; Sept. 10 1/2.
 Lard, July 12 1/2; Sept. 12 1/2.
 Sibs, July 12 1/2; Sept. 12 1/2.

Chicago Grain.
(ASSOCIATED PRESS TELEGRAM)
 Chicago, May 11.—Expected shower in Kansas led today to a setback in the price of wheat. Besides, cooler weather throughout all the states in the wheat belt tended to cause a decline. Some rain which fell where needed in the northwest was also an influence on the market.

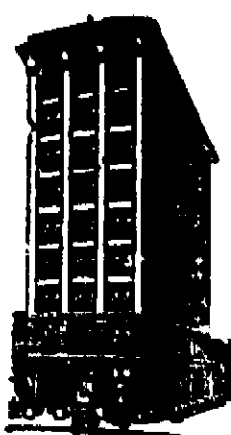

After opening 1/4 to 1 1/2 down on July at 1.18 1/2 to 1.17 1/2 and Sept. at 1.17 1/2 to 1.16 1/2, the price fell a little more than market lower than before. Local conditions for planting made the corn market weak. Signs pointed to a harvest of record crops. Open market wheat ranged from 1/4 off to 1/2 up.

GOVERNOR WILLIS "WEIGHS IN" FOR A SECOND TERM

(ASSOCIATED PRESS TELEGRAM)

Columbus, May 11.—Gov. Frank B. Willis, of Ohio today officially becomes a candidate for a second term when he "weighed in" at the secretary of state's office for the Republican nomination for governor. He qualified as a candidate for the nomination by paying a fee of \$25 and filing a declaration of candidacy. A short time later Lieutenant Governor John A. Arnold filed his declaration of candidacy for a second term Republican nomination. Those who signed Gov. Willis' declaration of candidacy as required by law were: Senators C. J. Howard of Barnesville and D. W. Tremper of Portsmouth; Judge Milton Clark of Lebanon, prosecuting attorney Donald Melhorn of Hardin county; Charles Doll, a negro attorney of Columbus, and W. J. Beilschmied of Toledo, a labor leader.

CAPTURED BANDITS

(ASSOCIATED PRESS TELEGRAM)

Marathon, Texas, May 11.—Major Langhorne, with his two troops of the eighth cavalry crossed the Rio Grande into Mexico last night and they are making their way rapidly southward today. They have with them the three Mexican bandits who were captured by the employees of the Porto Rico de Buquillas mine, to guide the cavalrymen to the camp of the brigands who are supposed to be about twelve hours' march inland. It is reported that J. Deemer, an American storekeeper who was kidnapped, is being held a prisoner at this camp. A company of coast artillery of approximately 150 men has been ordered here to guard the line of communication.

GARFORD RAISES EMPLOYEES' WAGES.

(ASSOCIATED PRESS TELEGRAM)

Elyria, O., May 11.—Eight hundred employees of the Garford Manufacturing Co. in this city went on an eight-hour day schedule today, instead of the previous ten-hour schedule. It is announced that time and a quarter will be paid for the ninth hour, time and a half for the tenth hour and double time over the former regular days' schedule. Employees working on piece work will receive a raise equivalent to seven and one-half per cent.

PENMANSHIP SAMPLES.

(ASSOCIATED PRESS TELEGRAM)

Elyria, May 11.—One thousand specimens of the penmanship of Elyria school children were sent to Ft. Wayne, Ind., today to be exhibited at the convention of the National Association of Penmanship Supervisors.

ESCAPED IN AUTOMOBILE.

(ASSOCIATED PRESS TELEGRAM)

Columbus, May 11.—Columbus police have been asked to look out for two burglars who stole \$1000 in cash and \$2000 worth of merchandise from the store of R. B. Maxwell in Mansfield Wednesday night and escaped in an automobile.

KILLED IN EXPLOSION.

(ASSOCIATED PRESS TELEGRAM)

Cleveland, May 11.—Alex Bragkovic was killed and a dozen workmen narrowly escaped death today by the premature explosion of a dynamite charge, with which the men were blasting on the Cleveland and Youngstown railway tracks here.

SCALE READJUSTMENT.

(ASSOCIATED PRESS TELEGRAM)

Fremont, May 11.—The molding department at the plant of the Fremont Stove Co. is closed down today pending a readjustment of the wage scale, the men having demanded an increase.

The Reward of Devotion.

The nation that holds in honored and affectionate remembrance the soldiers who braved even death for her will never lack for loyal devotion in the day of her peril.—Judge C. S. Bentley.

Colorado uses more than 2,000,000 electrical horsepower every day to run its industries.

You never can tell. Even a soft-boiled shirt may command a stiff price.

Bowser's Side Issue

By M. QUAD

M R. BOWSER'S face wore a bland smile as he came home to dinner. He had a patronizing air toward Mrs. Bowser, and he almost bowed to the cook as he seated himself at the table. All through the meal he was good Mr. Bowser—very, very good. Then he said:

"Mrs. Bowser, I was not a rich young man when I asked you to marry me. You can remember that I honestly told you so."

"Yes," replied Mrs. Bowser, "you told me so. You said that all you had in the world in the shape of wealth was a half interest in a yoke of oxen and your half interest wasn't feeling very well at the time. Yes, Mr. Bowser, you were honest about it."

Mr. Bowser's bland smile faded quite away for a moment, but he hung on to himself and continued:

"I told you that I would be a rich man some day, and for years and years I have worked with that end in view. I have never cheated or swindled a fellow man, and I never shall, but I shall acquire wealth in an honest way. Mrs. Bowser, shake hands with me! I am expecting a stranger here this evening, and after he has come and gone I will enter into full explanation. Mrs. Bowser, I feel like whooping with exultation."

"But please don't, Mr. Bowser. Our cat is growing old, and if she were suddenly startled she might drop dead or the neighbors might hear the whoop and wonder if you are playing circus."

"You are not going to buy a spring pig, a flock of chickens, a new milk cow, a patent rat trap, a burglar alarm, a fire escape, a flying machine nor a patent fuel, for you have tried all those things and failed."

Mr. Bowser turned a very stern face upon her and waited for half a minute before replying.

"This scheme is going through, Mrs. Bowser, no matter how much sarcasm you see fit to indulge in, but I may tell you if I hear any more of it at this time you shall not be taken into my confidence. There goes the bell, and my man is here."

Mr. Bowser walked down the hall and admitted the man, who had a package of some sort under his arm. He was hustled into the library, and the door shut and locked and Mrs. Bowser and the cat were left helpless to overhear anything about that scheme. It was a full hour later before Mr. Bowser and the stranger came out again and in suppressed voices the man was heard to say:

"I congratulate you, Mr. Bowser. In less than a year you will be giving away gold pieces as souvenirs and your wife will be wearing the biggest diamonds ever yet discovered."

Mr. Bowser came back to the sitting room and sat down, and, with an air of the greatest confidence, he said:

"Mrs. Bowser, I am now ready to tell you all about it."

"Go on," said Mrs. Bowser, but not the least enthusiastic.

"Mr. Banks, as is the name of the gentleman who just departed, is a great chemist. He fills a chair at Harvard. He has a worldwide reputation. I could tell you a hundred wonderful things he has done, but, to business, woman—to business. He says that millions of property was being destroyed by fire every year and that at least one-half the loss could be avoided if a fire was attacked in its incipient stage. He began to ponder and compound. He has spent ten years seeking to find the right thing, and he has found it at last."

"That is fine," replied Mrs. Bowser. "What has he struck?"

"A liquid that will put out a fire in one second after it is thrown on the flames. You open a door and find a room in flames. You throw only a pint of this liquid on them, and they will die out before you could count five. The fire killer is in pint bottles, and the bottles are as ornamental as those which

THE FLAMES SHOT UP.

contain perfume. They can be left on the tables in the parlor or anywhere as ornaments and will thus be at hand when wanted. You discover a fire and you throw one of the bottles at it and break it. That is the end of the fire. One single bottle of the liquid, if broken early enough, will save a twenty story skyscraper from destruction."

"And where do you come in, Mr. Bowser?"

"I buy all the bottles he produces and have agents to go about selling them from house to house. I pay the aldermen of a city \$5 apiece, and they pass an ordinance that every public place shall keep a stock of them. They will be kept in churches and libraries. Even the washwomen will want them in their homes. I pay 10 cents a bottle, and they sell again for 25 cents. There will be a steady sale of 100,000,000 bottles a year. Mr. Banks left me two bottles that I might show them to you. Here they are and that is my scheme. What have you to say now?"

Mrs. Bowser hadn't anything to say. She took up the bottle and went down into the kitchen. There was an empty soap box setting there. She took it out doors into the back yard and filled it with newspapers and then called for Mr. Bowser to come down. He was already down and wondering what she was up to.

"We are going to start a fire in the basement of a twenty story skyscraper," she said, "and we will attack it in its incipient state. Here is a box as dry as tinder, and those newspapers will flash up like powder. Let us see how this wonderful fire killer will kill."

Mr. Bowser opened his mouth to protest, and it was still open when a match was touched to the paper, and as the flames shot up Mrs. Bowser threw and broke the bottle in the midst of them. "The fire did not die out in one second. It didn't in ten or twenty or even sixty. It didn't die out at all. The papers and the box burned until there was nothing left."

"You see how Mr. Banks is mistaken!" said Mrs. Bowser, as she turned to Mr. Bowser. "I don't think this scheme will make millions for you. Let's go upstairs and talk of something else!"

And Mr. Bowser followed her upstairs, but he didn't talk of something else. In fact, he was so silent for the next hour that the cat thought him asleep and climbed on his back to tickle his neck with one of her paws. Professor Banks, the world renowned chemist, has not received an order from Mr. Bowser yet, but he has called again to see what was the matter with the saleratus liquid.

WHEN MAY 30 COMES.

As oft as the 30th day of May returns with time's annual round let a grateful nation remember its dead and with floral offerings decorate the tombs of its fallen heroes while the dropping tear moistens the cold sod that covers their sleeping dust.

To enjoy to owe the liberty we enjoy; to them we owe the preservation of our institutions. And shall we not hold them in grateful remembrance?

Let this beautiful custom be perpetuated until the day shall become hallowed in the history of freedom. It carries with it the idea of our loss and the dear cost of liberty. It brings fresh to mind the deeds of our country's martyrs.

It keeps alive and warm the greatest principles for which our sires poured out their blood, on which our republic is based.—General John A. Logan.

Early in the present year an order for 120,000,000 pounds of copper was placed with American brokers on behalf of the allied nations in Europe.

Bridle your tongue and spur ambition

"The place for talk is on the lecture platform. A busy world takes you at your action-value"—says the Old Philosopher.

What a man has to say about himself is not nearly so important as what the furnishings of his home indicate his real character to be. Mr. and Mrs. Comfort, you will be surprised at some of the prices we are quoting on artistic dependable furniture. Let us explain to you our partial payment plan.

Parish's Extra Special for Saturday at 2 p.m.
Adjusto Household Racks

Adjusto Household Racks were invented and perfected after careful study to meet the demand for an article that would be convenient and useful, neat in appearance and strong enough to last for years, without being clumsy to handle. How perfectly ADJUSTO Racks fulfill these requirements the illustrations show.

The metal parts are made of the best steel with extra quality plated finish, making them completely rust proof. The method of construction employed, combining the greatest strength with reasonable lightness, is unique, patented and cannot be duplicated.

The arms are made of thoroughly seasoned hard wood of uniform quality and are instantly adjustable to any width of spread desired. When the rack is not in use the arms can be instantly lowered by releasing the spring catch, when they will rest flat against the wall, entirely out of the way.

ADJUSTO RACKS are made to do the work and to last; are of attractive design and finish.

On Sale Saturday at 2 P. M., One To a Customer (none delivered) **29c**

RANDOLPH

FIRST VICE PRESIDENT BALTIMORE AND OHIO TEMPORARILY RETIRES.

Has Left On an Extended European Trip, to Look Over Foreign Trade Situation.

Baltimore, Md., May 11.—Intimation is heard again in financial and railway circles that the change in the traffic department of the Baltimore and Ohio Railroad by which General George F. Randolph is to be temporarily relieved of his duties as First Vice President of the road, during an extended absence in Europe forecasts his permanent retirement as the directing head of that department.

Similar gossip was heard a year ago, when General Randolph went abroad on account of his health but despite rumors to the contrary, he assumed active charge of his department immediately upon his return to the city.

General Randolph has had active charge of traffic of the Baltimore and Ohio for the last 12 or 13 years. He is one of the best-known railroad officials in the country and has a reputation as a traffic setter.

The purpose of General Randolph's trip to Europe at this time is to look carefully into the foreign trade situation. He sailed from New York on Saturday. While he is away the subordinate in his department will report direct to President Daniel Willard, notices to this effect having already been issued.

Commission Says No!
Washington, May 10.—The interstate Commerce commission has denied the application of the Baltimore and Ohio Railroad to increase the rate on lime to seven cents per 100 pounds from Mitchell, Ind., to Illinois points.

EVERY RAILROAD MAN SHOULD READ THIS

Peterson Bros. Dear Sirs: I was afflicted with what the doctors said were Varicose Ulecers, and up until about five weeks ago I have been treating them for about a year and five months.

With all the treatments that were prescribed to me by several doctors I received little benefit, and they kept spreading and gave me much distress and caused me to quit my work.

I was induced by a brother brakeman to try Peterson's Ointment, and after I had used two boxes I saw the wonderful results. You can tell suffering ones troubled with ugly, painful and horrid ulcers that your Ointment is a cure for them when every thing else fails, as I have tried about everything.

Thanking you many times over, I am, your happy friend, Chas. J. Heyser, Battle Creek, Mich., 12 Glenwood Ave., Jan. 12, 1916.

I know and dozens of people write me," says Peterson, "that Peterson's Ointment also cures eczema, cold sores, salt rheum, ulcers and all skin diseases, and all druggists sell a big box for 25c."

Hebron

Mr. F. E. Kirk of Columbus was a Hebron visitor Wednesday.

Prof. Wilson Hawkins, Superintendent of the Newark Public Schools delivered an excellent address to the Men's Bible class of the M. E. church at the monthly meeting Tuesday evening. Come again Professor.

Mrs. J. F. Kapouth and little sons Gordon and Robert of Baltimore, O., are visiting Hebron friends this week.

Mrs. Charles Brush and little son Robert of Cambridge, are guests of Mrs. Brush's parents, Mr. and Mrs. John Myers.

Post Master D. A. Taylor has purchased a new Overland of the C. H. Lawyer agency.

Mrs. Mary White is visiting in Granville a guest of Mrs. William Mercer.

Mr. C. A. Swisher of Millersport attended the Hebron Men's Bible class meeting at the M. E. church Tuesday evening.

Mr. Edwin Holycross was a Columbus visitor Tuesday.

Prof. E. T. Osborn and wife were entertained on Friday evening by the ladies of the M. E. Sunday school of Dresden at a social meeting. They were guests of Mr. and Mrs. H. E. Shore until Sunday.

The Hebron division of the Ladies Circle of the Licking Baptist church were entertained on Thursday afternoon by Mrs. Geo. Taylor.

Mrs. Gebhart of Marion talked to the school on temperance on Friday. Mrs. C. A. Swisher and daughter Louise were also visitors.

Mr. Washington Tiptie and granddaughter Miss Vernice Gearing of Columbus were over Sunday guests of the family Mr. Scott Burden.

The Pricilla Club was entertained on Wednesday afternoon by Mrs. J. T. Millhouse.

A party given by the Freshman Class was held at the home of Mrs. McGlade on Saturday evening.

Misses Edith and Rebecca Lefrenz of Columbus were the guests of Miss Mary Geiger on Saturday evening.

Mrs. Lottie Miller of Thurston was the guest of Mrs. D. M. Genger on Saturday.

Mrs. Laura Stover of Newark spent Sunday with Mr. Arthur Berry and family.

Mr. Dell Miller and family of Kirkersville were Sunday guests of Mr. and Mrs. Zane Watts.

Mrs. B. F. Kane spent Tuesday at Etna.

Miss Lucinda Palmer of Wagram was the guest of her aunt Mrs. Myrtle McGlade on Sunday.

Mr. and Mrs. E. J. Dorsey and Mrs. Belle Right of Granville attended services at the Baptist church Sunday.

Mrs. Ella White, Mrs. D. M. Genger and daughter Mary attended the Kramer-Beaver wedding at Columbus on Monday evening.

Mrs. Mary Maxwell and Mrs. Emma Eshel of Jefferson county and

Derrish, the Blooded Animal Imported by Ringling Brothers to Take Part in "Cinderella."

When the Ringling Brothers' stage managers were holding the initial rehearsals of the mammoth fairland production, "Cinderella," they sent for the finest horses in all the circus stables. But, splendid as were these thoroughbreds, not one could be found that was thought to be entirely suitable for the prince of the tale, who, as everyone knows, takes "Cinderella" to wed.

There were hundreds of steeds admirably suited to the requirements of the ladies and gentlemen of the royal train but it was argued that the prince's horse should be the most striking ever seen in a spectacle. Thereupon words were cabled to the Ringling Brothers' European representatives to secure the finest Arabian steed that money could buy.

In reply came the horse Derrish, accompanying the beautiful animal was his pedigree written in Arabic. Translated, it reads:

"In the name of God, the merciful! The cause of the present war—"

ing is that we witness that the white horse, Derrish, of Mahomet Bey, is of the first breed of Nedjee horses, whose mother is the white mare, Hadha the famous, and whose father is the bay horse, Dahrouge of the horses of the tribe Benthled. We testify on our conscience and fortune that he is the breed concerning which the prophet said: "The true runners when they run strike fire; they grant prosperity until the day of judgment." We testify what is known and God knows we are true witnesses." Six signatures verify this pedigree.

When the Ringling Brothers exhibit here Derrish will be seen twice. First on the vast stage on which the fairland spectacle is produced, and again during the progress of the high-school and menage horse numbers. The riding acts will embrace more than fifty different horses, but the spectator will probably have no difficulty in locating Derrish, for he is the most superb animal of them all.

POULTRY PRICES INVESTIGATED IN NEW YORK CITY

(ASSOCIATED PRESS TELEGRAM)
New York, May 11.—John J. Dillon, state commissioner of food and markets, who is conducting an investigation into the live poultry business here, has requested representatives of the board of health and of the district attorney's office to attend the hearings during the remainder of this week. The commissioner desires them to hear and act upon the evidence indicating that prices are arbitrarily fixed by a combination of poultry dealers using band methods to make a fictitious market. The commissioner asserts also that the system of "over-cropping" has compelled New York consumers to pay about \$7,000,000 within a year for 28,000,000 pounds of bran, grit, gravel and decayed food fed to chickens on their arrival in New York.

3000 BABIES PAIDADE.
(ASSOCIATED PRESS TELEGRAM)
New York, May 11.—A parade of 3,000 babies was today's feature of the "Baby Week" celebration. Most of them were contestants for the gold cup offered for the best baby in New York. The cup was presented to John Ryan, the winning baby, on the city hall steps just before the parade.

TWO SLIGHT 'QUAKES.
(ASSOCIATED PRESS TELEGRAM)
Washington, May 11.—Two slight earthquakes were recorded on Georgetown university seismographs during the last 24-hours. One began at 4:48 p. m. yesterday and continued until 5:10 p. m. The other started at 5:16 o'clock this morning and lasted until 5:35 a. m. This morning's disturbance was estimated to have been centered 1300 miles from Washington.

KEEP THE KIDNEYS WELL

Health is Worth Saving, and Some Newark People Know How to Save It.

Many Newark people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Newark citizen's recommendation.

C. McGough, 164 West Main St., Newark, says: "I had kidney trouble since a child and suffered a great deal. I finally used Doan's Kidney Pills and they made a cure. My back is now strong and my kidneys act properly. I enjoy the best of health."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same Mr. McGough had, Foster-Milburn Co., Props., Buffalo, N. Y.

CHINESE REBELLION.

(ASSOCIATED PRESS TELEGRAM)
Peking, May 11.—Dispatches from Canton announce that the southern provisional government, which has been organized at Canton by the revolutionary generals, has proclaimed Li Yuan Hung president. The revolutionists have also formed a war cabinet with Tan Chih Yao as Chairman and Tsen Chun Hsuan vice chairman.

13 VESSELS DESTROYED.
(ASSOCIATED PRESS TELEGRAM)
Portland, Ore., May 11.—Thirteen vessels from Portland have been destroyed in the war zone by mines or submarines since the European conflict began, according to figures made public here today. With them was lost grain aggregating 1,500,000 bushels and valued roundly at \$1,550,000.

Hoax—"Come see me. It's only a minute's walk." Hoax—"Why, you live away out on Sixty-second street." Hoax—"Well, sixty seconds is a minute."

Zanesville Trip Will Be Made a Gala Occasion With Hundreds of Autos in Line

Arrangements were partly completed last evening for the proposed visit to Zanesville on the afternoon of May 18, when it is expected that in the neighborhood of four hundred enthusiastic auto loads of Newarkites will journey to the Clay City to pay a return visit to our neighbors who came to Newark last fall upon the completion of the National road and spent the afternoon and evening in this city.

The Zanesville visit will be made under the auspices of the Newark Auto club and Chamber of Commerce. At an enthusiastic meeting of members of the Auto club held in the convention room of the court house last evening, Dr. J. T. Lewis, H. D. Hale and D. H. Alspach were appointed a committee of arrangements to take charge of the Zanesville run.

The committee requests that all machine owners meet in the court house square and East and West Main streets as well as First, Second, Third and Fourth streets, at promptly 12:30 o'clock Thursday afternoon, May 18. Dr. J. T. Lewis, chairman of the committee, will act

Dr. J. T. Lewis, chairman committee of arrangements and tourmaster for Zanesville trip.

as tourmaster and directions will be magaphoned from his car before the start. The Buckeye band of twenty pieces will head the procession leaving Newark and a speed of not over twenty miles per hour will be maintained on the run.

Car owners are requested to decorate their cars with emblems, bunting, flowers or banners. There is no set rule for decorations and the matter will be left entirely to the owners of machines. It is requested that all machines carry a full quota of passengers. The ladies especially are invited and it is hoped that they will assist in decorating the machines.

All machine owners living in the country adjacent to Newark are urged to join in the Zanesville visit and a good time will be assured them. A committee will visit the merchants after the Chamber of Commerce meeting this evening and ask that Thursday afternoon, May 18, be made a general holiday, and that all stores in the city close at noon on that date. The merchants will probably agree to this and that will give their clerks as well as themselves an opportunity to join the jolly throng of visitors.

All the court house offices will be closed and the officials will take part in the parade and visit their Muskingum county brothers. All fraternal societies in the city are requested to be represented by a specially decorated car. The Elks will have several cars in line as will the Eagles, Moose, Modern Woodmen, K. of P. and other societies and organizations.

An invitation will be extended the citizens of Zanesville to meet with Newark in a joint picnic to be held at Buckeye Lake on Thursday, June 29, at which time a program of athletic sports will be arranged and the occasion will be made to further cement the bond of friendship now existing between the two cities.

A final meeting of the Auto club will be held next Tuesday evening at the convention room of the court house at 7:30 o'clock when it is expected that the committee of arrangements will have completed all the details for the Zanesville trip.

The following regarding the proposed trip to Zanesville appeared in this morning's Times-Recorder of that city:

"The Newark Auto club prepara-

The girl with a clear skin wins

If you, too, are embarrassed by a pimply, blotchy, unsightly complexion, just try

Resinol Soap

regularly for a week and see if it does not make a blessed difference in your skin. In severe cases a little Resinol Ointment should also be used. Resinol Soap helps to make red, rough hands and arms soft and white, and to keep the hair healthy and free from dandruff. Contains no free alkali.

Resinol Soap and Ointment heal eczema and skin eruptions and usually stop itching instantly.

tory to its visit in this city as the guests of the local Chamber of Commerce, will do the job up right before leaving their city for Zanesville. Already the program calling for a parade of autoists, court house officials and other prominent citizens of that city, has been arranged and will be carried out just before the party leaves Newark for this city May 18. After the Newark program is asked out, it is predicted by Newark autoists, there will be in all five hundred machines fall in line for the trip to Zanesville. In addition to the above activities of the visitors at their home city, business houses will close on May 18, and a band will lead the procession through the city.

"Several treats are in wait for the visitors according to the arrangement committee of the local Chamber of Commerce. A complete program for their reception has not been arranged by the local committee, but its members state the visitors will be treated royally on their arrival."

Dangers of Draft.
Drafts feel best when they are hot and perspiring, just when they are most dangerous and the result is Neuritis, Stiff Neck, Sore Muscles or sometimes an attack of Rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuritis or Neuralgic Headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25c at your Druggist.

Our Boys and Girls

Quite a problem which will confront mother a little later will be the providing of a wardrobe for the children that will help make their vacation a period of comfort and pleasure, and the high rates charged for laundering should also be considered when planning the small outfits. Comfort, of course, may easily be secured. A pair of overalls or a set of rompers will provide this, but no child will feel happy so garbed among associates wearing pretty clothing that may be as comfortable as well.

Children vary in feature and form quite as much as adults, and so it is quite necessary to study what will be becoming to them. A plump little maiden will look ridiculous in a short, befrilled skirt, standing out like an over-trimmed lampshade, yet her tiny like sister may be a ravishing beauty in the same frock. For a sojourn in the country or at a farmhouse, a frock of some light weight woolen material and several plain white frocks of inexpensive material will be sufficient.

Watch Child For Worms.
Worms sap child's strength, rob child of food and make child fretful, irritated, nervous. Watch stool and at first sign or suspicion of worms give one-half to one toze of Kickapoo Worm Killer, a candy worm remover. Gives immediate results, is laxative. Paralyzes and removes the worms, improves digestion and general health of child. Continue giving Kickapoo Worm Killer until all signs of worms are gone, 25c at your Druggist.

THE OLD VET'S SPIRIT.

He Marched In the Parade In Washington Fifty Years After the Grand Review.

Home, and some tired, I'll allow—
Sort of a buzz in my head!
I've got the old army grit,
Neighbor, or else I'd be dead!

Marched? With the best of them, yes!
Just as I did at Seven Oaks.
Say, when I think of that line,
"Somethin' right here kind o' choke!"

Met Keelin' step through them streets
After th' years that's gone by.
Met! Once in army blue brave,
Broad shouldered, quick, keen of eye.

Seemed like the ghost of myself
Marchin' with more shadders there!
Just sort of comradin' on—
Not mindin' how long or where!

Then came the word an' we knew
Wilson was watchin' our line.
If we was feeble or stiff,
None of us gave any sign.

We just bricked up like young sprigs—
Walked right along with new vim.
Felt that our swing an' our style
Must seem consolin' to him.

He an' this nation well know—
Though some wild talk has been said—
If he but needed to call,
Others would march where we led!

—Till a Fanning in New York Times.

Yearly on February 2 and for 45 days after, a mysterious fire breaks out in Ariyake Bay on the west coast of Kyushu, Japan, burning both on land and sea, the origin of the conflagration being a complete mystery which a recently outfitted scientific exploration party will make a point of solving.

Try, Marine Eye Remedy for Red, Weak, Watery Eyes and Granulated Eyelids

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Mustersole

And Mustersole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out all soreness and pain.

Mustersole is a clean, white ointment made with oil of mustard. There's nothing like it for quick relief for Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chilblains, Frostbit Feet, Colds on the Chest (it often prevents Pneumonia). Nothing like Mustersole for croupy children.

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Mustersole Company, Cleveland, Ohio.

Patriotism of the Children.
On Memorial day nothing is more touching than the adornment of the graves of our fallen soldiers by the children. The day is most beneficial, for while it directs the thoughts of the child to our national heroes it stimulates his patriotic devotion, and dependent upon the child's love of country is the patriotism of the man.

One half the world is probably just as well pleased that the other half doesn't know how it lives.

Milady's Boudoir

Caring for the Nails.
Nothing adds more to the beauty of a woman's hands than the finger nails if well kept. While it is almost impossible to improve the shape of the hands themselves, much can be done in the way of improvement with the expenditure of a little time and trouble to improve the shape of the nails. No matter how rough your work, your hands and nails can be made and kept in good condition.

With a little study and practice you can care for them yourself as well, and almost as quickly, as a professional manicure. Your manicure outfit should consist of a sharp pair of scissors, an ivory cuticle knife, a bundle of orange wood sticks, a bundle of emery boards, and a little polishing powder.

Before starting to treat the nails soak the fingers in a little warm soap water. This will soften the cuticle and make it more pliable. Next cut the nails, if necessary, following the shape of the finger and cutting so that the tip of the finger and top of the nail may be level. Long and pointed nails are in very bad taste and should never be allowed on any hand. Cutting will only be necessary once a week at the most. At other times it will only be necessary to file the tip of the nail with an emery board.

When this has been done take an orange stick and pass it gently under the skin at the base of each nail, raising it carefully so as to thoroughly loosen it. Great care should be taken not to bruise the skin in any way. All hand nails should be clipped as close as possible, but the cuticle around the skin should never be cut if it can possibly be avoided. For two reasons. First, cutting gives a bleeding and raw appearance to the fingers, and secondly, cutting the cuticle is apt to make it grow hard and thick. When the cuticle has been thor-

Physician's Eczema Remedy

Dr. Holmes, the well-known skin specialist, writes:
"I am convinced that the D. D. D. Prescription is as much a specific for Eczema as quinine for malaria. I have been prescribing the D. D. D. remedy for years. This soothing combination of Zinc, Wintergreen, Thymol, and other healing ingredients called D. D. D. Prescription is now a favorite remedy of skin specialists for all skin diseases. It penetrates the pores, gives instant relief from the most distressing itch, its soothing oils quickly heal the inflamed tissue."
Druggists are glad to recommend this soothing, cooling liquid, 25c, 50c and \$1.00. Come to us and we will tell you more about this remarkable remedy. Your money back unless the first bottle relieves you. D. D. D. Soap keeps your skin healthy. Ask about it.

Frank D. Hall, Druggist

oughly loosened, press the skin back with the ivory nail trimmer until a pretty half moon is visible at the base. Never force the skin back roughly as gentle pressure will do the work better and more thoroughly. Next comes the removal of any stains. To do this, rub the nails lightly with a bit of lemon. Should any small pieces of skin adhere to the nail, rub them with the orange stick dipped in lemon juice. Polish the nails with a little of the powder smeared over the nails and rub with a chamoise pad.

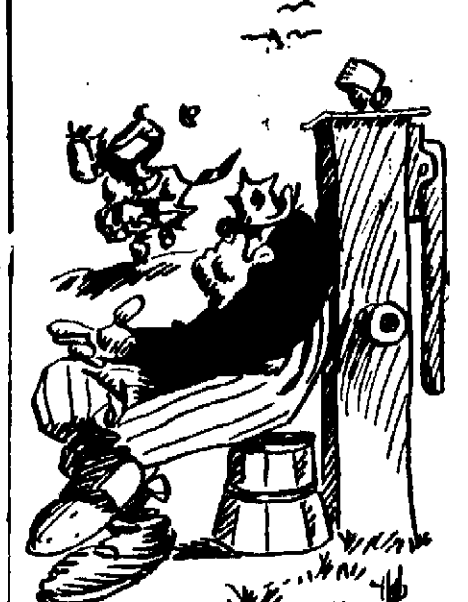

The Flag on Memorial Day.
As the 30th of May is our memorial celebration day, it is generally considered more fitting that private flags should be hung at half mast. This is not, however, a universal custom. Many flags fly at full mast all day and do not violate any hard and fast tradition in being thus hung.

Statistics gathered from colleges throughout the country show that residents of the United States, both men and women, are growing taller, more robust and stronger.

Everyday Etiquette

"Please tell me whether it is correct to congratulate a young lady upon her engagement or should such congratulations be given only to the man?" inquired Gladys.
"It is correct to congratulate a man upon his engagement, but one does not use the word congratulate in felicitating the young lady. One should, however, express one's interest and pleasure to her and wish her all possible happiness," said her aunt.

Abe Martin

One good thing about havin' dyspepsia is that you kin rest assured things ain't near as bad as they seem. Th' auto 'll never supplant th' ole party wheel hoss.

For all lumber call P. Smith Sons' No.

Instant Hair Stain Better Than Slow "Restorers"

Some folks think they have discovered a new hair restorer. They are wrong. There is only one preparation that will restore hair that is entirely free from sulphur, lead, silver, mercury, zinc, antimony, coal tar products or their derivatives. That preparation is called "Brownatone." It is so easy and safe to apply that the wonder is that anyone ever uses anything else.
"Brownatone" instantly tints the hair to any shade of brown (or black) that may be desired. If the gray shows on your temples or is streaking your hair—if the ends of your hair are lighter than the balance, or if for any reason you wish to stain all or part of your hair—use "Brownatone."
A sample and a booklet will be sent you (from manufacturers only) upon receipt of 10c. Mention shade desired.
All of the leading drug stores sell "Brownatone." Two sizes, 25c and \$1.00. Insist on "Brownatone" at your hair-dresser's.
Prepared by The Kenton Pharmaceutical Co., 597 E. Pike St., Covington, Ky.
Sold and guaranteed in Newark by R. E. Collins, Evans Drug Store and other leading dealers.

TO PRESERVE THE HAIR

When your child is grown, the condition of and the amount of his or her hair will depend largely upon the way it is cared for now.

The human hair is composed of about 175,000 delicate oil plants.

Ordinary soaps and shampoos will soon destroy the natural oil and the fatty roots of these plants making the hair dry and brittle or destroying it entirely. **EVERY WEEK SHAMPOO** is an ANTI-SEPTIC OIL Shampoo that cleanses and purifies the scalp thoroughly and leaves the hair just as nature intended, soft, fluffy, silky, and the scalp slightly moist with oil, but no surplus oil in the hair.

If men would use **EVERY WEEK ANTI-SEPTIC OIL SHAMPOO** instead of the strong alkali shampoos which are so commonly used, they would preserve their hair rather than invite baldness. **EVERY WEEK SHAMPOO** dissolves and removes the dandruff (dry or oily), opens the hair cells, feeds and strengthens the hair roots and leaves the hair clean, soft, fluffy, silky and the scalp healthy. A weekly application for men and children and every other week for women keeps the scalp clean, healthy and the hair in excellent condition.

EVERY WEEK ANTI-SEPTIC OIL SHAMPOO contains both mineral and coconut oils which cleanse the scalp and hair thoroughly, open the hair cells and give the hair plant the oil which is required. It lathers freely, removes any surplus oil, but does not remove the natural oil which healthy hair requires.

Large bottle (44 teaspoonfuls) 50c at R. W. Smith's and Leading Stores Every Where.

NO CORNS REMAIN

Those who suffered last season with stinging, burning, aching corns are urging corn sufferers to get at once from any drug store for 25c, a box of Dr. Hunt's new corn cure, because it is absolutely dependable, penetrates and roots out the corn—no matter how bad it is—gives instant comfort—and soothes and heals quickly. Dr. Hunt gave years to developing this plan of curing corns by penetration. American Chemical Co., Sidney, Ohio.

PROTECT YOUR HOME

Your home should always be protected against infectious disease by having ready for instant use a bottle of hydrochloric acid which is entirely free from acid. It is a reliable and very effective antiseptic which has a great many valuable uses right in the home.

Too many homes have been bereaved because germs of sore throat, scarlet fever and other infectious diseases have not been destroyed. Too many people have suffered with blood poisoning because no attention was given a scratch, bruise or hurt.

From any drug store get a bottle of hydrochloric acid; it is a powerful yet positively safe germ killer and it nips infection instantly. Better get it now. General Laboratories, Madison, Wis.

IF BACKACHE OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather changes.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

CHARITIES

AND CORRECTION CONFERENCE BEGINS ITS REAL WORK AT INDIANAPOLIS.

Permanent Segregation of Mental and Moral Defectives Urged by Speaker.

(ASSOCIATED PRESS TELEGRAM) Indianapolis, May 11.—With the preliminaries out of the way, the forty-third annual meeting of the National Conference of Charities and Corrections began the real work of its sessions here today.

Before the session on feeble-mindedness and insanity, Dr. Edward H. Oschner, of Chicago, president of the Illinois State Charities Commission, urged the permanent segregation of the mental and moral defective.

Closer co-operation with newspaper reporters as a means to keep the work of the charity organization societies before the public was recommended by Miss Charlotte Belle Mann, of Baltimore, a former newspaper worker, who spoke before the American Association for organizing charities.

Officers have been elected by the National Children's Home Society and the National Probation Association. A. F. Shirk of Topeka, Kan., was elected president of the Home Society.

SUDDEN FLOODS IN AFRICA HAVE DROWNED MANY

(ASSOCIATED PRESS TELEGRAM) Capetown, May 10, via London. May 11, 2:19 a. m.—Heavy loss of life and enormous property damage have resulted from sudden floods, following the heavy rains which have broken the long drought in the midland district. Forty persons have been drowned in the Gamoos valley, and there have been losses of life in other districts. Everywhere railways, homesteads, dams, and live stock have been swept away by the floods.

LIQUOR DEALERS' FINAL SESSION

(ASSOCIATED PRESS TELEGRAM) Louisville, Ky., May 11.—Members of the National Wholesale Liquor Dealers Association of America met in the final session of their twenty-first annual convention here today to elect officers for the coming year and decide on a meeting place for 1917. E. Mark Sullivan, former United States district attorney, delivered an address. Many of the eight hundred delegates have declared their intention of remaining in Louisville to witness the Kentucky Derby Saturday.

TUBERCULOSIS IS DISCUSSED AT A 2 DAYS' SESSION.

Washington, May 11.—Interstate control of the tuberculosis problem was one of the principal subjects for discussion before the National Association for the Study and Prevention of Tuberculosis, which opened a two day session here today. Speakers urged that the federal government provide payment of specified amounts to states or communities caring for non-resident indigent consumptives. The national conference of tuberculosis secretaries and the American Sanatorium Association will hold sessions tomorrow.

JOHNSTOWN GIRL IN BEAUTY CONTEST BY FILM COMPANY.

The Beauty and Brains Contest, a nation wide enterprise, which under the guidance of the World-Equitable Motion Picture Corporation, has been running for the past eight months in the Photoplay Magazine, is drawing to a close. Lillian Russell, one of the judges has made the first selection.

Miss Susie Verville Brown of Johnstown, one of the original candidates, was selected by Miss Russell and is one of the hundred who will enter the final elimination. The elimination is now going forward to select the 11 successful candidates.—Johnstown Independent.

THE BIGGER THE TASK

the greater the demand upon brain and body.

For keeping the mental and physical forces fit, right food is necessary. It must supply certain mineral elements stored by Nature in the field grains, but lacking in much of the food of the usual dietary.

Grape-Nuts

made of whole wheat and malted barley, supplies all the rich nourishment of the grains, including those vital mineral elements which are all-important for building sturdy brain, nerve and muscle.

For the bigger work of tomorrow—Grape-Nuts.

"There's a Reason" Sold by Grocers.

NEW TREATMENT FOR SWOLLEN VEINS

Swollen veins are dangerous and often burst. Sufferers are advised to get **Vein-Oil** (full strength) at any pharmacist and start to reduce the veins and bunches at once. **Vein-Oil** is used in hospital practice and a small bottle will last a long time, because it is very concentrated. Apply at night and morning with the soft brush as directed until the swelling is reduced to normal.

It is so marvelously powerful that swollen glands, and even goitres disappear when used steadily.

Evans' Drug Store can always supply you.

SIOUX INDIANS ARE TO BECOME U. S. CITIZENS

(ASSOCIATED PRESS TELEGRAM) Washington, May 11.—The United States will gain 186 new citizens Saturday. They are Sioux Indians of Yankton, S. D.

Secretary Lane was on his way there today as the personal representative of the "Great White Father"—the president of the United States—to conduct the ceremonies. Incidentally he will present the Indians with patents to their allotted lands.

The action will mark the first real step in Secretary Lane's policy in giving all competent Indians full control of their individual affairs and placing them upon the same legal standing as all other American citizens.

A feature of the ceremonies will be the presentation by Secretary Lane to each Indian of a leather purse, a small American flag, and a golden colored badge bearing the inscription, "A Citizen of the United States." He will then greet each Indian by his "white" name.

25 Years Ago

(From Advocate, May 11, 1891.) Mrs. F. W. Hite died this morning at her home on East Main street. She has been sick but a short time with pneumonia.

Rev. J. Kromer of the Salem Presbyterian church of this city will leave this week for a brief sojourn on the continent of Europe.

Miss Helen Snyder is visiting in Zanesville for a few days.

15 YEARS AGO TODAY.

(From Advocate, April 11, 1901.) The Adonis Dancing club will give the farewell ball of the season at Brennam's hall this evening which will be followed by a banquet.

Mrs. George P. Webb is entertaining the Review club this afternoon at her home on West Church street.

Miss Mary Baldwin held a recital this afternoon for the benefit of her pupils at her home on East Main street.

The World War a Year Ago Today—May 11.

Russian forces in eastern Galicia were compelled to retreat along a front of nearly 100 miles.

The French completed their occupation of the village of Carency, north of Arras, in France. On this field the attack had been launched May 9 along a four mile front.

The capital of German Southwest Africa, Windhoek (or Windhuk), occupied without resistance by Union of South Africa forces under General Botha, noted leader of the Boers in the Boer war of 1899-1901.

EXPECT AGREEMENT: FINAL CONFERENCE.

(ASSOCIATED PRESS TELEGRAM) Wheeling, W. Va., May 11.—Operators and miners of the fifth Ohio subdistrict after a conference which lasted until early this morning announced that an agreement had been reached upon one of the most important questions, which they referred to as the key to the entire situation, and that they are hopeful of a final agreement when the conference is resumed this afternoon. The principal contention was over the rule in the new contract providing for arbitration of all differences, which the miners' representatives oppose. The terms of the agreement are withheld until the conference ends.

SERBIA PURCHASES SECOND DESTROYER.

(ASSOCIATED PRESS TELEGRAM) Athens, via Paris, May 11.—Prince Albert of Serbia will remain at Corfu at present with the general staff of the reorganized Serbian army. Serbia has purchased a second destroyer as well as a transport for the new Serbian fleet.

Sharp fighting has taken place north of Valona which is apparently a signal that the Austrians have commenced their long threatened offensive against the Italians and Serbians in Albania.

FRENCH TO SEND VERDUN RELICS.

(ASSOCIATED PRESS TELEGRAM) New York, May 11.—Word has been received from the French government that it will send to this city for exhibition more than 1000 relics of the battlefields of Verdun, especially of the Dead Man Hill fights. The exhibits will be shown at the bazaar for the benefit of the entente allies war sufferers to be held here June 3 to 14.

CONFIRM TWO POSTMASTERS.

Washington, May 11.—The senate last evening confirmed the following Ohio postmasters: Mt. Vernon, Franklin Harper; Marietta, Frank G. Henry.

LIFEBOAT

DRIFTED ASHORE WITH THREE SAILORS ALIVE, AND FIVE DEAD.

Forty-one Members of Steamer Missing—Ship Turned Turtle During a Gale.

San Luis Obispo, Cal., May 11.—Forty-one members of the crew of the steamship Roanoke, operated by the California South Seas Navigation company, which turned turtle and sank when its cargo shifted during a gale, 100 miles south of San Francisco Tuesday afternoon are missing today and the Union Oil company's tanker, Lansing, is cruising the sea searching for four of the five lifeboats in which the ship's company took refuge when the steamer went down. The fifth boat drifted ashore at Port San Luis yesterday, carrying three famished sailors and the bodies of five of their mates who died from exposure.

Captain Richard Dickerson and his wife are believed lost, according to the tale of the disaster told from their hospital beds by the three survivors. When the ship lurched before plunging downward, Mrs. Dickerson was thrown into the sea and Captain Dickerson jumped overboard to rescue her. They were not seen again.

The Roanoke left San Francisco Monday with explosives for South American ports. The arrival of the lifeboat at Port San Luis brought the first news of the tragedy.

The three men were too exhausted to relate details. They did not know how far off shore the Roanoke sank or what had become of the other four boats. The Roanoke carried no passengers.

Theatres

Big Moose Carnival. Here is a thought! Does one ever stop to think of the time, labor and thought that is required to put together an amusement organization that will merit the approval of the public and at the same time fix this entertainment so that the cost will be within reach of everyone's pocket book? Probably not!

So many carnival companies are foisted on the public with one object in view—to get the public's money—but not so with Hampton's Great Empire Shows for their object is of an entirely different nature—that is, to give the public their money's worth.

With years of valuable experience to back them up and ample capital, they determine that the public must be pleased, and get value received and so with that aim in view, the Great Empire Shows will be presented to the amusement public of Newark, the week commencing Monday, May 15, under the auspices of the Moose on the spacious grounds at the corner of Welles avenue and Union street.

After the opening performance Monday night it will be readily demonstrated that all promises made in advance will be carried out to the letter to please, to give value received and that the organization is one of the highest class and that everything around the shows breathes cleanliness and merit and that no one can or will find one thing of an objectionable nature.

The date is just a few days off—make a note of it—the entire week of May 15.

Alhambra, Tonight.

These villagers were used to film several scenes in "Then I'll Come Back to You" and those who witness this picture will realize at a glance that not many of the natives have the so-called "city airs" about them. When Miss Brady walked

about the village, dressed in some of the latest New York styles, the villagers would stand by and gasp in wonder, for never had such gowns, or clothes been worn in their little town. There is a real treat in store for those who will go to the Alhambra Theatre and see this World Film production.

Mazda, Friday.

Henry B. Walthall appears in his latest production, "The Birth of a Man" at the Mazda, Friday. The drama is a stupendous offering produced by the Celebrated Players Film Co. and the film is one of the most expensive ever brought to Newark. Patrons of the Mazda will be given a great treat in witnessing this splendid photo-play and watching the matchless acting of the great Walthall.

Falling Hair Due To Dandruff

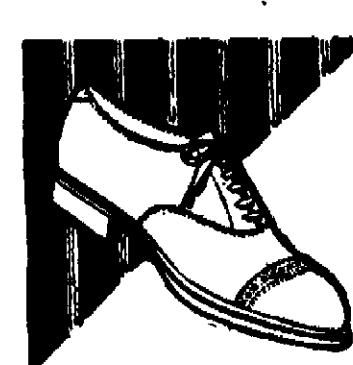

If your hair is falling out and if you are troubled with dandruff, and the dandruff germ is sapping the life out of your hair. The only sure way to stop this is to kill the dandruff germ. To do this get one ounce of hair oil from your drug store, mix it with half a pint of alcohol and half a pint of water. Apply a little of this mixture every night to the roots of the hair, rubbing it into the scalp thoroughly. After a few applications you will find the dandruff entirely gone and the hair has stopped falling. It will begin to grow in stronger and more abundantly than ever.

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

Why is man and woman, half the time feeling nervous, despondent, worried; some days headachy, dull and unstrung; some days really incapacitated by illness.

If we all would practice insubstantial, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning limestone bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone its cleansing, sweetening and freshening effect upon the system.

LADY DAREDEVIL FLYER BEATS RESTA, AUTO SPEED DEMON, IN UNUSUAL RACE

Miss Stinson racing above Resta and (inset) Miss Katherine Stinson.

Miss Katherine Stinson, of San Antonio, Texas, recently won with ease in an interesting race with Dario Resta, the speed demon. Miss Stinson drove her large biplane above Resta's blue Peugeot in the early part of the race, but soon left him behind.

Miss Stinson is perhaps the most skilful and daring American aviator having looped the loop and done many other such intrepid stunts with great success. She seldom wears the usual aviation garb, preferring any simple gown to work clothes, as she says flying is not her work but her pleasure.

NO GUARD FOR PRISONERS ON BASEBALL TEAM

COLUMBUS, May 11.—Free men who are serving a sentence from Hamilton county for burglary, say that they will be the only kind that will get by when he is upping a baseball game here next Thursday between 100 penitentiary convicts and a team composed of local employees of the Standard Oil company.

The game, which P. O. Thomas has announced will be played at Neil park and the proceeds will go for a fund being raised here for a building of a children's hospital.

The warden has announced there will be no guards and the prisoners composing the team will be free to cut loose to their fullest capacity. So far as is known by Columbus prison officials it will be the first game ever played by a team of convicts outside prison walls and without the presence of armed guards.

Members of the team say they are going to give Jack Heffner, who is slated as twelfth on the line, the best support Heffner is serving a term from Lorain county for non-support.

Members of the team from Hamilton county for robbery is known as the most successful base stealers of the prison team.

Some Run' Alonzo Delany, sentenced from Highland county for shooting to wound is expected by fellow players to shoot a couple of balls to the park fence during the game. He is the "heavy" hitter of the team.

Other members of the team and their places in the lineup announced today are: Edward Huffman, Summit county for burglary; Ben Smith, Athens county for burglary; Peter Hanley, Hamilton county, robber; center fielder Charles Nick, Adams county, burglar; pitcher, Joseph H. Kroger, Portage county for a. R. H. H. and Charles Scott, Springfield township, pitcher. Whether Scott or Heffner will be chosen as moundmen has not been decided.

A concert by the thirty piece band, composed of the team, will be given before the game is called and between innings.

Henley Regatta at Philadelphia; All Races Scheduled

PHILADELPHIA, May 11.—The advance guard of the college crews which will compete in the American Henley regatta on Saturday, arrived here today.

The college crews, which will compete with crews from Princeton, Pennsylvania, and the United States yacht in the Henley cup race, arrived last night and the New York outboard men were expected to practice on the Schuylkill this afternoon. The Princeton and Yale academy crews will arrive tomorrow.

There are eleven races on the program including many club events as well as the college features. All will be over the mile and 500-yard course on the Schuylkill river in Fairmount Park.

Here is a short and easy way of determining the height of a Zeppelin. A piece of wood two inches long and a quarter of an inch wide would completely blot out a Zeppelin if it were 7,000 feet away and the piece of wood held about two feet from the eyes.

Boehler Gets Away With Entire Game; Allowed Five Hits

Rube Boehler, former Newark pitcher, a member of the 1912 Ohio State league team under the ownership of P. G. Warden, got away yesterday with an entire game, his first since entering the American league with the Detroit club. He allowed five hits, and fanned seven Philadelphia batsmen. He was wild, however, and passed seven men, but one man and was charged with one wild pitch. Strunk was the only Philadelphia man who was able to solve his delivery. The outfielder got a triple and two doubles. Walsh and Lajoie were the only other Philadelphia players to get hits.

Denison Court Men Break Even With Ohio Wesleyan

Granville, May 10.—Denison and Ohio Wesleyan tennis teams faced each other yesterday afternoon for two singles and one double victory apiece. In other words, the decision was equally divided.

Wesleyan won the first set, but Denison's singles from Brandley and Turner of Wesleyan. The Wesleyan team took two single victories through the efforts of Colwell and Lowery. They defeated Scott and Wilson of Denison. Both Wesleyan wins in the singles were hard fought, going into extra sets.

There was some good tennis in spots, but most performances were mediocre. Colwell and Lowery defeated Wilson and Scott of Denison in rather easy fashion. Weddell and Allison of Denison had a hard time with Brattan and Turner of Wesleyan. The visitors took the first set, Denison the second and Wesleyan forced the last set to Denison. Darkness was impending as the match was forced to Summary:

Wesleyan (Denison) defeated Bradley (Wesleyan), 6-2. Weddell (Denison) defeated Turner (Wesleyan), 6-1. 6-2. Colwell (Wesleyan) defeated Scott (Denison), 6-2. 6-2. Lowery (Wesleyan) defeated Wilson (Denison), 4-6. 8-6. 6-4.

Doubles.
Colwell and Lowery (Wesleyan) defeated Wilson and Scott (Denison), 6-2. 6-2. Weddell and Allison (Denison) defeated Bradley and Turner (Wesleyan), 2-6. 6-2. 1-2.

DOWNEY PUTS PERRY AWAY IN 11TH ROUND.

Columbus, Ohio, May 11.—Bryan Downey won the city lightweight championship from Jack Perry here last night in a slashing bout that came to an end in the eleventh round, when Perry was knocked out by a terrific blow to the jaw. It was apparent near the close that Perry would be exceedingly lucky if he could last out the 12 rounds.

From the fifth round on Downey commenced to show class. Perry, with a big heart and body that could stand punishment, hung on with determination and gameness. He had taken an advantage in the opening rounds through his boxing ability, but the incoming he received in the fourth round when Downey began to get in body punches, turned the tide of the battle.

Perry was badly beaten during the last six rounds, but over his right eye bled furiously and caused him to wobble somewhat. His left eye was almost completely closed, practically making him a blind man in the ring.

This was Downey's first fight in four months. He now is being trained by Jimmy Dunn, manager of champion Johnny Kilbane.

Development of incandescent lamp represents an improvement of 1075 per cent in the amount of light obtainable from a given consumption of electricity.

You can't "spell-bind" many men into liking what they dislike—every man's taste is his own

IF A MANUFACTURER in his advertising tells you (truthfully, as he believes) that he has the "best tasting cigarette in the world" and you believe him, you probably try his cigarette. It may be a very good cigarette. But his over-enthusiasm has led you to expect something almost impossible. You light that cigarette and—

Well, there's a good chance that you're disappointed. It may not be the fault of the cigarettes. The cigarette may be mighty good. But you've been led to expect too much. You've been "over-sold."

And besides, tastes differ—who can tell what cigarette will best please your taste before you try it?

That's why we leave the taste of Fatimas entirely up to you. We believe you will like them; but you may not.

To be sure, most men like the taste of Fatimas better than any other cigarette they ever smoked. Figures indicate that. More

Fatimas are sold than any other cigarette in the world costing over 5c.

But the taste isn't all.

If you do like Fatimas' taste as well as these thousands and thousands of other men do, you'll find a second reason for sticking to them for good. And that reason is that Fatimas will give you cigarette-comfort at all times. This is why they have won the name of being as SENSIBLE a cigarette as a man can find anywhere.

They are comfortable to the throat and tongue. You'll never experience any "sandpaper tickle" or "hotness" in the cool-smoking Turkish blend of Fatimas.

And Fatimas can be smoked more freely than any other cigarette we know of without leaving any mean after-feeling, as some less skilfully blended cigarettes do.

If you have never smoked Fatimas—you should try them.

Loggatt & Myers Tobacco Co.

Goodbye Corns! Cure Guaranteed

Hall's Painless Corn Cure a Marvel.

At last, a corn cure that gets rid of corns! A remedy that is guaranteed to work in every case. It brings the corn right out, you don't have to dig it out. The only corn and bunion cure of its kind in the world is Hall's Painless Corn Cure. The first application stops the pain. Hall's Painless Corn Cure is not a mere corn plaster or a salve that makes your corns swell or that "draws" and puts wrinkles in your feet from the awful pain. Hall's Painless Corn Cure is made and sold in this city by Frank D. Hall. It will cost you 25 cents, and will last longer than several purchases of another corn treatment. If you are not satisfied you can get your money right back on request.

Sold and Guaranteed at

Hall's Drug Store

Open in the Evenings.

YOU AND MONEY

Money will interest you, we know. But we can interest you just as much by our method of loaning on household goods, pianos, stock, etc.

\$50 4 months time \$4.75 will cost you

Or you can have twenty months for repayment on amounts from \$40 up. We deal in money but what we actually sell you is service and satisfaction, and "By Service We Grow."

Agent in Newark each Friday.

Meeting at Mt. Vernon.
A joint meeting of the Licking and
Knock county members of the Dr.
Willoughby Dental Society is being
held at Mt. Vernon, O., today. Those
in attendance from this city are
Drs. Howard S. Barrick, Wm. H.
Sedgwick, E. V. Prior, A. W. Beard,
F. W. Bourne, Wm. G. Corne, C. D.
O'Hara, A. V. Davis, J. D. Ford, W.
H. Forry, F. P. Gregory, Charles
Keller, J. T. Lewis, J. H. McCahan
and Edwin Miller.

Building Permits.
Building permits have been issued
by the department of public service
as follows: Dr. C. J. Dillon, 8-room
frame dwelling, Hudson avenue,
\$2,500; Dr. W. E. Boyer, 9-room
frame dwelling, West Locust street,
\$3,500; L. H. Spees, 7-room frame
dwelling, 435 Park avenue, \$2,000.

Out of Door Service.
The Y. W. C. A. will hold Sunday
Vesper service out of doors, May 14.
All girls are invited to join them in
gathering flowers to be sent to hos-
pitals. Leave Y. W. C. A. at 2 p. m.
Miss Childs will lead the vesper service.

Cottage Prayer Meeting.
The Union Cottage Prayer Meeting
will be held at the home of S. D.
Alabau, No. 114 North
Eleventh street, Friday evening at
7:30. Everybody invited to come.

Davis Bound Over.
Dutton Davis, arrested in Zanes-
ville Tuesday night on a charge of
grand larceny, was arraigned before
Mayor Bigbee this morning. He
waived examination and was bound
over to the grand jury under bond
in the sum of \$300. Davis is charged
with stealing seven rings and
three neck chains from the Commer-
cial hotel.

Outhouse Burned.
Fire destroyed an outhouse in the
rear of 642 North Fourth street at
5 o'clock last night. The loss was
small. The building is located on
property occupied by W. J. Partridge.

Fined for Speeding.
Two Newark young men were be-
fore Mayor Bigbee this afternoon on
a charge of speeding. They were
fined \$5 and costs each. The police
charge that the two men were racing
their automobiles in East Main
street, Monday afternoon of this
week.

Shoulder Fractured.
Mrs. Mary C. Ball, 90 years old,
mother of Mrs. A. R. Pitzer, suffered
a fractured shoulder Monday after-
noon when she fell at her home. The
injury is made more serious because
of Mrs. Ball's age.

Robbery Reported.
Manfield police asked the local
police department to watch for sus-
picious characters who might have
been involved in a burglary and lar-
ceny job there last night. A dry-
goods store was entered, the safe
combination worked and \$300 taken
from the strong box. A quantity of
merchandise was also stolen. Local
officers will take precautions against
possible operation of the gang here
and Police Chief Sheridan asks that
local merchants guard against leav-
ing large sums of money in their
safes.

More than 70 per cent of the ex-
ports of Jamaica come to the United
States.

Vast Stocks of New Spring Carpets, Rugs & Draperies

NEWARK, OHIO.

EAST SIDE OF SQUARE, NEXT TO POST OFFICE

NEW NOTE HAS BEEN RECEIVED IN WASHINGTON

(ASSOCIATED PRESS TELEGRAM)
Washington, May 11.—The new
note from Germany acknowledging
responsibility for an attack on the
Sussex, arrived in Washington last
night.

The note is as follows:
"Supplementing his note of the
fourth instant concerning the con-
duct of the German submarine war-
fare, the undersigned, in the honor
to inform his excellency, the Ameri-
can ambassador, Mr. James W. Ger-
ard, that the further investigation
made by the German authorities con-
cerned in regard to the French
steamship Sussex, on the basis of the
American material, has been con-
cluded in the meantime. In con-
formity with the result of this in-
vestigation the assumption expressed
in the note of the undersigned of the
tenth ultimo, that the damage of
the Sussex was to be traced back
to a cause other than the attack of
a German submarine, cannot be
maintained.

"Such an assumption had to be
arrived at with certainty from the
material in the possession of the
German government, for itself, and
without further knowledge of the
circumstances connected with the
torpedoing of the Sussex the more
so as apart from the points enumer-
ated in the note of the tenth ultimo,
the following facts had come to the
attention of admiralty staff of the
navy through reliable information:
March 24, 1916, approximately at
the same time as the Sussex, an
auxiliary warship left the port of
Folkestone with a large transport of
British infantry on board; on the
same day a transport steamer was
torpedoed in the channel; a few min-
utes preceding the explosion on the
Sussex, she had passed through a
mass of ship wreckage, which creat-
ed the impression that a ship had
sunk at that spot shortly before. All
these facts justified the conclusion
that the only case of torpedoing
which could be considered under the
circumstances, had struck the British
vessel, whereas the Sussex had met
with an accident in some other way.

"However, on the basis of the
American material, the German gov-
ernment cannot withhold its conviction
that the ship torpedoed by the
German submarine is in fact identi-
cal with the Sussex, for in accord-
ance with this material the place,
the time, and the effect of the explo-
sion by which the Sussex was dam-
aged agree in the essential details
with the statements of the German
commander, so that there can no
longer be any question of the possi-
bility of two independent occur-
rences. An additional reason is con-
stituted by the fact that officers of
the American navy found fragments
of an explosive in the hold of the
Sussex which are described by them
upon firm grounds as parts of a
German torpedo.

"Finally the counter evidence
which was deducted in the note of
the tenth ultimo from the difference
in appearance of the vessel described
by the submarine commander and
the only reproduction of the Sussex
then available, has proven to be un-
tenable, inasmuch as according to a
photograph of the damaged Sussex
now to hand, the characteristic dis-
tinctions no longer existed at the
time of the accident; while the Sus-
sex in the photograph of my Daily
Graphic included in the note only
carried one mast and also showed

the white gangway customary on
passenger vessels on the level with
the portholes. O. W. S., the repre-
sentative of the damaged Sussex
saw a second mast and a uniform
dark color, and thus approaches in
her outer appearance the description
of the vessel as furnished by the
submarine commander.

"In view of the general impres-
sion of all the facts at hand, the
German government considers it be-
yond doubt that the commander of
the submarine acted in the bona fide
belief that he was facing an enemy
warship. On the other hand, it can-
not be denied that, misled by the
appearance of the vessel, under the
pressure of the circumstances, he
formed his judgment too hurriedly
in establishing her character and did
not therefore act fully in accord-
ance with the strict instruction
which called upon him to exercise
particular care.

"In view of these circumstances,
the German government frankly ad-
mits that the assurance given to the
American government, in accord-
ance with which passenger vessels
were not to be attacked without
warning has not been adhered to in
the present case. As was intimated
by the undersigned in the note of
the fourth instant, the German gov-
ernment does not hesitate to draw from
this resultant consequences. If there-
fore expresses to the American gov-
ernment its sincere regret regarding
the deplorable incident and declares
its readiness to repay an adequate
indemnity to the injured American
citizens. It also disapproved of the
conduct of the commander, who has
been appropriately punished.

"Expressing the hope that the
American government will consider
the case of the Sussex as settled by
these statements, the undersigned
avails himself of this occasion to re-
new to the ambassador the assur-
ance of his highest consideration.

GRAND JURY TO GET BROWN CASE; BOND IS \$1,300

Thomas Brown, colored, arrested
on a charge of sodomy and assault,
was held to the grand jury under
bond in the sum of \$1,300 this morn-
ing when he was arraigned before
Mayor Bigbee. Brown, it is alleged,
attacked John Jones, colored, in a
tank pit at the old gas plant oppo-
site the B. & O. station Tuesday af-
ternoon. He was arrested Tuesday
night at Pataksala. Jones is held as
a witness in the case and his bond
is fixed at \$300. Both were sent to
the county jail. Brown faces a term
in the penitentiary for his act. He
admitted to the police that he at-
tacked Jones and also that he used
a knife.

Illuminated Flag For High School; For City Hall Too

At the last meeting of the school
board, President Christian was au-
thorized to purchase an illuminated
flag to be installed on the stage in
the High School auditorium. The
flag is three by four feet in size and
is lighted by 91 electric lamps of
red, white and blue. The makers at
Atlantic City, N. J., have been in-
structed to rush the shipment of the
flag and it will be installed in time
for the decoration day exercises in
the auditorium.

Mr. Christian also announced that
a 6 foot illuminated flag had been
purchased for the city building.
This will not be shipped at once but
is expected to arrive sometime in
June.

Spain has been practicing irriga-
tion for more than a century. Its
first canal having been begun in
1314.

Tomorrow A Special Clean-Up of Summer Dresses

These are dresses carried from last season, which have been placed on sale to be closed out. It's a splendid opportunity to secure a good wash dress at little money. The materials are beautiful, and many of the styles are very similar to those of the present season.

At \$1.00 Each

White voiles and lawns—in colors—ginghams and voiles in fancy stripes and plain colors. Values up to \$5.00 are marked. Each \$1.00

A Big Showing \$2.98 Each

Dresses formerly sold as high as \$10.00 white and practically all colors in lawns, ginghams, voiles, etc., marked to close \$2.98

Two-Piece Suits, Coats, Dresses, Now Marked \$5.00 Each

The suits and coats are in Palm Beach cloth in natural color and neat checks in black and white.

The dresses are beautiful styles in white and colors, trimmed with fine lace and ribbon trimmings. Values up to \$20.00. Now—each \$5.00

Children's Summer Dresses 50c Each

Splendid dresses for little ones up to five years of age. Dresses carried, but all good styles and made of nice materials. Marked to close—each 50c

Children's Dresses 75c and 98c Each

The material alone will cost you more than the price of the dress. Sizes are from 6 to 14 years in a good assortment of styles in white and colors. Placed in two lots to close—each 75c and 98c

A Clean-Up of White Waists 75c Each

A big assortment of fine summer waists, in splendid styles. Slightly soiled from handling—most all white waists—but a few plain pink and black waists, and some fancy stripe waists. To close—each 75c

New House Dresses 75c Each

The approval dress for making over in the home. Many neat styles, made with low neck and short sleeves—in plain colors—fancy stripes and plaids in colors such as gray, blue, pink and lavender. Ask to see them. Only—each 75c

Mrs. Percy V. Pennybacker, president General Federation of Women's Clubs. Ten thousand delegates and 15,000 other club women will attend the biennial convention of the General Federation of Women's Clubs, which will be held in New York city the last of this month. Mrs. Percy V. Pennybacker of Austin, Texas, is at the head of this great organization.

Granville

[Special to The Advocate]

Granville, May 11.—The home of Mr. and Mrs. C. B. Black in Cedar street was the scene of delightful festivities on Wednesday afternoon, when their daughter Miss Addie entertained several of the younger matrons with a thimble party in compliment to Mrs. Frank Rue of Trenton, N. J. The house is large and is set in a lawn of commodious dimensions, wherein the little ones belonging to several of the guests found ample entertainment. A course dinner was served the following guests: Mrs. Frank Rue and little son, Mrs. Ben Woodbury Jr. and two children, Mrs. Raymond Pence and little daughter, Mrs. Harry Pearce and two children, Mrs. Fred McCollum, Mrs. Roe Morrow, and Mrs. Walter Livingston.

The women students in the Denison Summer school will be required hereafter to make their rooming arrangements through the authorities of Shepardson college. For some time past the University has undertaken to provide rooms and board for all students of Shepardson college, even when places had to be secured for some of them outside the Shepardson campus. If this policy is a good one for the regular term, there seems to be no reason why the summer term should constitute any exception to the rule. The young men room where they choose, though there is ample provision for them in the dormitories on the hill. Naturally the young women will board at the Shepardson commons, and as many of the men will be admitted there as can be accommodated.

Granville is to enjoy the advantages of a model training school this summer in connection with the Denison Summer school. This will be held in the public school building in Granger street from 8:30 to 11:30 a. m. Arrangements have been made for all eight grades, and everybody is welcome to send their children free of charge. They will receive the best of instruction. Most of the teachers are from the larger cities, Chicago, Indianapolis, and Dayton, who were appointed only after a careful canvass of the places named. It will be a splendid opportunity for all children, but especially such as are a little backward—or those who are anxious to get ahead in their work. There is also to be a model rural school in the Center-ville building on the concrete road leading to Newark, to which all children of the district will be admitted free. This school will be under the direction of Miss Edith Buchanan of Basil, who, for a number of years has been in charge of the model rural school in connection with the State Normal at Athens. Prof. C. E. Goodell will cheerfully furnish further information about these schools either by phone, by letter or by personal interview.

Mr. chapter of Sigma Chi delightfully entertained last evening at the lodge in East Broadway, with a dinner party, complimentary to Shepardson College friends. Covers were laid for: Miss Setton, chaperone; Misses Mary Walsh, Mary McDonald, Marjorie Hamilton, Louise Cobb, Esther Martin, Harriet Sweetland, Emily Messenger, and Ruth Tipton. All the favorite picnic retreats around Granville are pre-empted to-day for the numerous class outings. The seniors are picnicking at Spring Valley.

The active men of Kappa Sigma fraternity were hosts last evening at a formal dinner of 22 covers, complimentary to the girls of the Sigma Delta Phi Sorority, those present being: Mrs. Lee Moore, Miss Grace Brooks, Sem. chaperone, Misses Mary Bell McLain, Ruth Wells, Alma Brumback, Helen Meldy, Mary Anderson, Flossie Locke, Alice Tift, Fern Ashbrook and Lois Wood.

Nominations are made today for the president of the student council of Denison and for cheer leader. The election to take place one week from today.

Mrs. E. J. Dorsey has been spending the day as the guest of Columbus friends.

Miss Geneva Lowe of Newark and her house guest Miss Warrick of Columbus were Granville visitors yesterday.

Miss Emily Colwell of Columbus, who has been at the home of her parents Dr. and Mrs. R. S. Colwell for several days, suffering from an attack of pneumonia poisoning is again able to be out, and will soon resume her duties as assistant in the State Library.

Denison met Wesleyan at tennis on the Beta, the Phi Gam and the Association courts Wednesday afternoon. The meet resulted in a tie, each winning three of the six sets played. Denison was represented by: C. H. Willis, manager; Weddell Allison, Wilson, Scott. The Wesleyan representatives were: Caldwell, captain; Turner, Brockney; Grenner, Lowery.

Miss Irene Jones of Newark who formerly lived in Granville, was in town yesterday the guest of her niece, Mrs. Fulton Van Voorhis.

The Lewis Prize Contest one of the important features of commencement week will be unusually interesting this year because of the determination on the part of both societies—the Calliope and the Franklin—to win. For the past two years Calliope has carried off the honors. This year Franklin is determined to win while Calliope is equally determined to maintain her record. The contestants are: Calliope, debate—Atwell; oration, Cheadle; essay, Morris; declamation, Anderson. Franklin, debate Kruh; oration, Zwyer; essay Beachler; declamation, Butler.

At the swimming contest held in Shepardson College Gymnasium last evening, first honors were awarded by a small margin to Miss Ruth Wickenden. Judges of the contest were Dr. J. R. Hundley, Prof. C. D. Coons and Miss Bradstreet, physical director of Shepardson college.

DEAF AND DUMB MAN IN RECITAL

Preston L. Stevenson (deaf and dumb) of Findlay, O. for more than 25 years deputy recorder of Hancock county, his week while visiting his brother-in-law, Dr. H. R. Emery and family of 52 Fulton avenue, will give a Grand Recital in Neal Avenue Methodist church tomorrow, (Friday) evening at 7:30 for the benefit building fund. His program will include Legerdemain, Ink Illusion and Pantomime an evening of clean high class entertainment. Mr. Stevenson's wife is Dr. Emery's sister.

During the last year the Navajo Indian blanket industry reached a total of \$750,000.

Nell—"I told him never to set foot in this house again." Belle—"When are you going to move?"

Strangely enough, in order to expand a building it is necessary to consult a contractor.

A woman is never so color blind that she can't notice a rival turning green with envy.

PAINT CLOTHES OF PRISONERS; MANY ESCAPED

(ASSOCIATED PRESS TELEGRAM)
Copenhagen, via London, May 11.—The Ekstrablat's frontier correspondent says the Germans are now painting the clothes of Russian prisoners engaged in work in the fields with broad canary colored stripes to prevent escapes, which recently have risen to serious proportions. The Kieler Zeitung's Vienna correspondent says the Austrian fodder committee has offered to pay one kroner per kilo for dried June bugs to be used for cattle fodder. These insects, says the correspondent, are reported to be excellent fodder, tests showing that they contain 33 per cent albumen and 63 per cent starch. The ministers of education has sent a circular to the schools throughout the empire asking the children to volunteer to collect these insects.

NEWARK LUTHERAN CHARGE.
